VOL. 53—NO. 247.

JACKSONVILLE, ILLINOIS, TUESDAY MORNING, OCT. 14, 1919.

TWELVE PAGES—THREE CENTS

## NINE FLYERS FINISH FIRST LAP OF AIR RACE

Six Reach San Francisco and Mineola.

## MANY TO LAND TODAY

Lieut. Maynard, First Aviator to Complete Ocean to Ocean Trip Will Start Back East Today

CHICAGO, Oct. 13.—Nine of the forty aviators remaining in the trans-continental reliability race finished the first lap of the aerial race today, three from the west landing at Mineola, N. Y., and six at San Francisco. The remaining contestants are at various control stations along the route, but sundown tomorrow will see the majority of them near the end of the first lap. Twelve have finished the first lap, while a score have dropped out on account of accidents, and five men were killed.

Lieutenant B. W. Maynard, the first aviator to reach San Francisco and complete the trip from ocean to ocean is preparing for his return flight. He plans to leave at 1:12 p. m. tomorrow at the expiration of the minimum allowed at the terminus.

The aviators from the west landing at Mineola were Captain H. Smith, 10:50 a. m.; Lieutenant H. E. Queens, 1:46 p. m.; and Lieut. R. S. Worthington, 2:25 p. m.

Captain Smith said he had beaten Maynard's flying time by a half hour.

The six flyers landing at San Francisco were:

Captain C. H. Drayton, 1:41 p. m.; Lieutenant Alexander Pierson, 2:25 p. m.; Captain H. C. Donaldson, 2:49 p. m.; Lieutenant Earl Manzmann, 4:24 p. m.; Captain Harry Smith, 5:42 p. m.; and Lieutenant L. S. Webster, 6:29 p. m.

Flying conditions thruout the midweek were poor at the start of the day improved later and the ships made good time.

Lieutenant H. D. Norris, accompanied by Mechanic H. J. Meyers, suffered the only fall of the day when he lost his way in a fog between St. Paul and North Platt, Neb., and plunged into a hill. Neither of the aviators were seriously injured.

Preparations were being made at the control stations for the second flight following the success of the first from Washington that the flyers could start their return journey within forty-eight hours after arrival at a terminus not longer than 96 hours after arrivals. The previous plan was to have the return flight start on October 20. Sundays are excluded as flying days and will not be computed in the minimum maximum stay of contestants at Mineola or San Francisco. A contestant will not be penalized for staying over ninety-six hours, but it would be impossible for him to reach the next control station after sundown one day of it.

Three ships remained at Grant Park tonight, all westward bound. They will take off soon after sunrise tomorrow.

San Francisco, Oct. 13.—Six westbound contestants in the trans-continental air race arrived here today in the wake of Lieutenant B. W. Maynard, who reached this city on Saturday. They were Captain H. C. Drayton, Lieutenant Alexander Pierson, Jr., Captain J. O. Donaldson, Lieutenant Earl Manzmann, Captain Harry Smith and Lieutenant L. S. Webster who arrived here in the order named. Five other contestants—Lieutenants T. F. Bowler, C. B. Newman, Lieutenant Sheridan, Lieutenant Col. J. M. Reynolds and Lieutenant F. C. Nelson rested tonight within a few miles of their western destination.

Lieutenant Pierson, who landed the first half of his flight at 1:41 p. m., covered the shortest distance today, having left Reno, Nev., at 7:40 this morning.

Lieutenant Webster, Lieutenant Pierson and Captain Donaldson flew from Salsburg, Utah, where they had rested over Sunday.

Lieutenant Pierson reached his flying field here at 2:25 p. m., and Captain Donaldson at 4:29 p. m. Lieutenant Webster was the last of today's arrivals to reach here, having been delayed for five hours near Battle Mountain when he ran into a race in landing. Neither he nor his observer, Sergeant Charles Adell, were injured however, and they arrived here at 6:26:08 p. m.

Captain Smith who left Green River, Wyoming, this morning, covered the greatest distance of day's arrivals. He reached here at 5:42:58 p. m. Lieutenant Manzmann who arrived at 4:25:40 p. m., flew today from Salt Lake City.

Lieutenant Webster who was third of the westbound aviators to start, left Mineola, N. Y., 29 hours ahead of Captain Smith. Lieutenant Webster was 43 minutes and 10 seconds behind Captain Smith at the finish here today.

Lieutenant Webster reached Bryan, Ohio, the first night of the race, while Captain Smith got by as far as Cleveland.

## LEAVE MURMANSK

London, Oct. 13.—It is officially announced that the last British troops left Murmansk on Sunday.

## MEN RETURNING IN PITTSBURGH DISTRICT

Report Steady Progress Toward Normal at Beginning of Fourth Week of Big Strike.

PITTSBURGH, Pa., Oct. 13.—Steel companies whose plants are operating in the Pittsburgh district continued to report steady progress toward normal conditions today which marked the beginning of the fourth week of the nationwide steel workers' strike. No announcement of additional mills starting up came from anywhere in the district but several in other steel centers were reported as having begun operations. Neither were there any claims made of any large numbers of men returning to work in plants that have been working.

Strike leaders at the headquarters of the steel workers' National committee expressed gratification at the steady progress of the union men. While steel companies reported a steady inflow of workers the union leaders maintained there were no defections.

There is much interest here in the action to be taken by the industrial conference which resumes its sessions in Washington tomorrow, on labor's proposition to arbitrate the differences existing between the steel strike and to send the men back to the mills pending the decision of the arbitrators. Labor leaders handling the strike have always been in favor of arbitration and they expressed the opinion that something tangible will come out of the proposal.

The Pittsburgh strike district was quiet today.

## CARDINAL MERCIER TO BE IN PEORIA OCT. 23

Belgian Prelate Will Be Entertained at Public Banquet Given by Spalding Council, Knights of Columbus—Local Knights Invited to Attend.

Thursday, October 23, Cardinal Mercier will visit Peoria and will speak at a public banquet to be given at the Coliseum. Cardinal Mercier, the Belgian prelate, is known internationally as one of the heroes of the great war and many will doubtless avail themselves of this opportunity to hear and see him.

Spalding Council, Knights of Columbus will entertain the prelate while in Peoria and has issued invitations to other K. C. councils to attend.

Thomas Duffner yesterday received the following letter from Grand Knight R. J. Kavanagh of Spalding Council:

Spalding Council No. 427, Knights of Columbus, Peoria, Illinois, October 11, 1919.

Dear Sir and Brother:—The 23rd day of October, 1919, at 6:30 p. m., Spalding Council No. 427 will entertain Cardinal Mercier at a public banquet at the Coliseum, Peoria, Illinois. This council has in the past entertained at functions of this sort such men as Ex-Presidents Taft and Roosevelt and many other prominent men of the United States. At this time we are entertaining a man of international fame as a hero of the late war. From the present indications this affair will surpass all of our past efforts along this line. Men of national prominence will speak on this occasion.

We extend to you and to the members of your council a cordial invitation to be present at this greatest affair of its kind ever staged in Peoria. The price of the banquet will be six dollars per plate. Drawings for tables at which sixteen people will be seated will take place on Saturday, October 18th, and it is requested that you advise us prior to this date of the number of seats or tables your council desires. Remittance should be enclosed with your request and the same addressed to A. J. Mayer, Treasurer, Banquet Committee, K. of C. Club, Peoria, Illinois.

Very Respectfully and Fraternally,

R. J. KAVANAGH, Grand Knight.

## DR. NEIL GUEST AT HOME OF COUSIN

Visits F. J. Blackburn, on North Church Street During Stay in Jacksonville.

Dr. W. H. Neil, who addressed the Methodist ministers at Centenary church, was a guest at the home of his cousin, F. J. Blackburn, on North Church street. Dr. Neil is field secretary in the Chicago area of the Centenary movement of Methodist church and for a number of months he was engaged in the financial plans in connection with the Centenary. Now his work is along evangelistic lines. He will visit Decatur, Springfield and Bloomington before returning to Chicago for the week end.

## SOLDIERS' RELIEF BILL

Washington, Oct. 13.—A special committee representing each section of the country would be appointed to draft a soldiers' relief bill under a resolution introduced today by Representative Ferris, Democrat of Oklahoma.

Commenting on the resolution, Representative Ferris said which the Mondell soldier relief bill which has been approved by the interior department was neither acceptable to congress nor to discharged soldiers adding the new committee "could get some new blood injected into the soldiers' land policy."

## LITTLE PROGRESS MADE ON TREATY IN SENATE

Senator Norris Spends Third Day on Amendment.

MAY VOTE WEDNESDAY

Senator Lodge Expects to Speak on Subject Some Time Today.

WASHINGTON, Oct. 13.—Another three-hour attack on the Shantung provision by Senator Norris, Republican of Nebraska and a ten minute speech of the same character by Senator Borah, Republican of Idaho, constituted the sum of the senate's progress today in its consideration of the peace treaty. Tomorrow the speech making will continue and although some of the leaders think the vote on the Shantung amendment may be reached on Wednesday others are not so optimistic.

Senator Norris, who had occupied most of two previous sessions with his Shantung speech concluded today after again assailing the accuracy of Japanese statements made by President Wilson in his western addresses and declaring that after the president had acknowledged he was wrong he had gone on mistating the facts about Shantung. Senator Borah also declared Mr. Wilson had been mistaken in his statement that John Hay was secretary of state when the German rights in Shantung were acquired. Quoting from the reports of missionaries in regard to condition in Korea, Senator Norris declared it was the purpose of the Japanese government to drive Christianity out of Asia and that the United States would be aiding in that attempt if it acquiesced in the treaty proposal to extend Japanese rule over Shantung.

"I cannot see how Christian people can read of conditions in Korea," he said, "and then ask us to ratify this treaty and not protect against a nation that cannot on such work. It brings us face to face with the fact that we cannot afford to turn over Shantung to the heathen country of Japan."

"I am not a member of any church or religious organization, but may my lips be sealed with eternal silence before I give official approval of an act to stamp out the religion of Jesus Christ and put paganism in its stead."

Chairman Lodge of the foreign relations committee planned to speak during the day on the Shantung amendment but he decided not to do so because of the time required by Senator Norris to finish his address. Mr. Lodge probably will speak tomorrow and the leaders hope also to make some progress in the reading of the text.

## I. C. FRESHMEN ENJOY DINNER AT PEACOCK INN

Efforts of Sophs to Break Up Affair Prove Unsuccessful—Sophs Capture Four Freshmen—Freshmen Take Three Sophs.

Last night the freshmen of Illinois College gave their annual dinner at the Peacock Inn.

As usual the "sophs" tried to break up the affair by tying the freshmen to tombstones, trees, and etc. It is said the result was a defeat for the sophomores. Three of the "sophs," Edward Thies, Felix Farrell, and Mac Peters, were captured by the freshmen. The three men rendered a strong plea for mercy and the freshmen decided to let them go their way. The freshmen then proceeded to have their dinner which was a wonderful success indeed.

Miss LaVerna Rice, a popular young lady of the class was toastmistress and after the dinner she called on the following persons: Mr. Edward Tamm, who is president of the class, Coach Harmon who is class adviser, Miss Gillispie, Miss S. Beams, Miss Shuman, Mr. Barker, Mr. Miller, Mr. C. Cully and Mr. R. Stumpf. A dance then followed and a good time was enjoyed by all.

Four of the class members whom the "sophs" had captured, returned in time for the whole affair and the class is congratulating itself on its wonderful success. The flowers that decorated the tables were sent to two sick members of the Class, Mr. Melon and Mr. Roger Carter.

## CONDITION OF COL. HOUSE IS NOT SERIOUS

New York, Oct. 13.—Col. E. M. House, confidential adviser to President Wilson who returned yesterday from Paris after having been taken ill tonight while resting comfortably after a day in bed, according to this bulletin, signed by Dr. Albert R. Lamb:

"Colonel House is considerably better today, although still weak from an attack of renal colic, which he experienced shortly after leaving Paris and from which he suffered during the voyage. His temperature and pulse are normal."

## HALT U. S. SHIP ON WAY TO RIGA

London, Oct. 13.—The steamship Lake Fray, belonging to the United States shipping board and carrying relief supplies to Riga, has been ordered not to proceed further until the situation at Riga clears. The Lake Fray has put into Hangö, Finland.

## ALLIED SHIPS DEFEND RIGA

Letish Troops Beat Off Stubborn German Attacks

Report Lets Have Occupied Suburbs of City on Left Bank of Duna River.

COPENHAGEN, Oct. 13.—The Letts have recrossed the Duna river in the direction of Riga and occupied the suburbs of Mitau on the left bank of the river according to a telegram from Wenden, Livonia, fifty miles northeast of Riga.

The dispatch adds that the cabinet, the national council and other government officials went to end on Friday from Riga, but the coolness of the higher Letish military officials partially retrieved the situation at Riga and the premier and minister of justice have returned there. A military convention has been concluded with Estonia, the effects of which already are to be seen in the assistance of the Estonians at Riga, the dispatch says.

Allied cruisers are aiding in the defense of Riga against German attacks, which for five days have been incessant and stubborn, according to a communication by the Letish foreign office Sunday. Riga is being bombarded by the enemy.

The communication follows: "For five days Letish troops before Riga have been engaged in beating off incessant stubborn German attacks. The Germans are bombarding the unprotected town of Riga. Cruisers belonging to the allied powers are participating in the defense."

"The Germans repeatedly have been repulsed in attempts to force the Duna river."

The situation of the Letish troops in Riga is desperate, according to dispatches from Helsinki. The German and Russian troops are expected to force the passage of the Duna River, which separates the main body of Col. Avaloff-Bernhardt's troops from the main portion of Riga at any moment. The old town of Riga and the port have been greatly damaged, it is stated. Many civilians have been killed or wounded.

German Officers Transferred. Berlin, Oct. 13.—General von der Goltz finally transferred his command to the Baltic region to General von Eberhardt on Sunday and is expected to arrive in Berlin very shortly, according to a semi-official statement issued here today.

A despatch from Paris on October 5 announced that General Dunt, commander of the inter-allied mission in Berlin had received a memorandum from the German government asserting that General von der Goltz had been recalled as commander of the German troops in the Baltic provinces and Lithuania and that General von Eberhardt had been appointed to replace von der Goltz and take charge of the evacuation of the German troops.

## ALBERT AND FAMILY ENJOY CALIFORNIA

SANTA BARBARA, Cal., Oct. 13.—King Albert's special train left tonight for San Francisco, where it is due in the morning.

The Belgian monarchs and their three children here. While the king crossed the continent when he was in this country as the crown prince 23 years ago, he did not come south of Seattle. For those in the party who never had been in America before the long journey from New York was a revelation. They had little idea of the magnitude of the United States and have been amazed at the tremendous distance.

Late today the king took a final dip in the ocean. As he left the beach he sighted two children wearing the Belgian colors and he hastened to shake their hands. Preceding his dip, Albert had a long gallop over the mountain roads on Uhlán, the famous harness race horse which he rode to saddle, and owned by C. K. G. Cully. It was his first horseback ride since he came to this country.

The queen rested several hours in preparation for the long trip back across the continent.

## LONGSHOREMEN STAND PAT

New York, Oct. 13.—Thousands of longshoremen, massed tonight in Cooper Union to vote on the question of calling off the strike which has virtually tied up New York harbor, made it so evident that their international officers abandoned their intention of putting the question to a vote. The meeting was tumultuous, the men booing their officers who favored the referendum and shouting and greeting those who attempted to speak with cries of "nobody here wants conversation" and "we want more money."

Food supplies of the city are menaced by the strike of 40,000 longshoremen and 11,000 teamsters, chauffeurs and helpers.

## ARMY TRUCK IN COLLISION; ONE KILLED

Washington, Oct. 13.—Private Edward Southern, driver of an army truck, was killed and other persons were seriously injured today in a collision between a street car and a truck near the Walter Reed military hospital. All of the injured were passengers on the car. The truck was overturned and the front of the street car demolished.

## WILSON HOLDING HIS OWN

Begin Third Week of Prescribed Rest Cure.

Grayson Declares Patient in Condition to Transact Executive Business if Necessary.

WASHINGTON, Oct. 13.—President Wilson continued to hold his own today and entered the third week of the rest cure prescribed by Rear-Admiral Cary T. Grayson, his personal physician with his temperature, pulse, respiration, heart action and blood pressure at a normal stage.

Moreover, in making this announcement thru the daily 10 o'clock bulletin, Dr. Grayson added informally that the president's condition was such that should an emergency arise requiring immediate attention by the executive, Mr. Wilson would be capable of forming instant judgment and taking decisive action.

Dr. Grayson also said that if some such emergency arose he would give a "reluctant" request for the president to take the needed action. As far as possible, however, the physicians attending Mr. Wilson will continue to insist that he remain quiet and not give his attention to governmental matters.

Grayson's Bulletin. The day bulletin signed by Dr. Grayson and by Drs. Ruffin and Stitt, the other physicians attending the president said:

"White House, Oct. 13, 1919. 12:15 p. m.

"The president's condition much the same as for the past several days. His temperature, with the exception of one day, pulse and respiration rate heart action and blood pressure are normal and have been so since the onset of his illness. His kidneys are functioning normally."

"GRAYSON, 'RUFFIN, 'STITT."

This was the most informative statement issued since the president was taken ill, more than two weeks ago, and the impression prevailed that the details concerning his condition were given in lieu and specific denials of the rumors current in Washington that his physical condition was such that he would be incapacitated from attending to his official duties for some time.

The attending physicians it was indicated will maintain their adopted policy of not denying rumors or getting into any discussion concerning them.

Whether the president is well enough to attend his official duties was referred to briefly during an executive session today of the senate foreign relations committee in connection with an effort to get action on a resolution by Senator Poindexter, Republican of Washington, asking for a report regarding China-Japan relations at the suggestion of Senator Williams, Democrat, of Mississippi, consideration of this resolution and several others was postponed.

## LEGISLATION TO STOP PROFITEERING

WASHINGTON, Oct. 13.—In anticipation that legislation to stop profiteering soon will become effective the department of justice is putting the final touches to its plans for procedure when the new weapons are available.

Attorney General Palmer today called a meeting of the conferees who took the cost of living problem under advisement nearly three months ago.

After a review of the progress made so far which was said to be gratifying, considering that of the laws required for procedure has been placed on the statute books, the conference discussed new steps to be taken when the real campaign of the government is started.

Officials declined to indicate what they had in mind, but it is known that Attorney General Palmer is prepared to proceed vigorously in a number of individual cases for procedure when the new clothing, as soon as the food control law amendment to include the latter and to provide a criminal penalty for violations becomes a law. The amendment has been passed by both houses of congress.

Secretary Baker today cancelled instructions for distribution of sugar held by the army, on learning that the supply was available for only two and one half months in advance.

## SPRING WHEAT CROP IN ILLINOIS POOR

SPRINGFIELD, Ill., Oct. 13.—An average yield of only eleven bushels an acre for spring wheat with a prospective crop of 7,260,000 bushels was forecast in the Illinois crop bulletin issued today by federal and state agricultural agencies. The quality of the grain was given as "poor" based on October 5th report.

The yield of oats was forecast at 29 bushels an acre with a total crop of 118,958,000 bushels.

White potatoes will yield a crop of 9,365,000 bushels, according to the forecast.

Figures of the federal department of agriculture forecasting the prospective corn crop at 298,996,000 were accepted by the state department of agriculture.

## DUNDEE GIVEN DIVISION

Lawrence, Mass., Oct. 13.—Johnny Dundee of New York was awarded a referee's decision today in a twelve round bout with Young Kloby, of this city. The men are light weights.

## AMERICANIZATION OF ALL FOREIGNERS URGED

Congress Must Take Immediate Action.

SEN. KENYON'S PLAN

Suggestion Comes as Result of Senate Labor Committee's Strike Investigation.

WASHINGTON, Oct. 13.—Americanization of foreigners should be an immediate effort of congress thru legislation according to Senator Kenyon of Iowa, chairman of the steel strike in the Pittsburgh district. Asserting that about half of the steel workers are of foreign birth and cannot read, write or speak English, Senator Kenyon said one of the first aims of congress as a result of the committee's inquiry, should be Americanization legislation. The senator declined to discuss other ideas gained from the committee investigation which he said would be continued in the near future possibly in other strike districts.

In a formal statement issued late today Senator Kenyon said: "I do not desire to discuss the steel strike, nor the reasons nor causes thereof at this time. The committee has not as yet completed their investigation. I think it permissible to say, however, that the committee returned from the Pittsburgh district strongly in favor of some Americanization bill. I have thought for a long while that congress must do what it could to help stimulate Americanism. This is a common ground upon which we all can stand and is a rallying point for all. When you find that in some of these mills over fifty per cent of the workmen cannot read, write or speak the American language; when it is necessary in these mill districts to publish orders in all kinds of languages; it is time for the American people represented by the American congress to give determined consideration to some plan of affording these foreign citizens an opportunity to learn what the institutions of America stand for and to become Americanized. We saw some young fellows who had only smattering of our tongue who impressed us as splendid material out of which to make American citizens."

"Two bills are now pending before the committee of which I have the honor to be chairman, dealing with this question. The committee meets this week to take them up, and I earnestly hope that one or both of them may be reported out of the committee before adjournment of congress."

"No greater question than that of Americanizing this nation of ours. Many of those who cannot speak our language are yearning to know it and want the opportunity to learn about our institutions."

"Most of them have subscribed for liberty bonds, but how can they know anything about American institutions when they cannot speak America's language. We cannot create a one language nation overnight but that eventually should be our goal. It will take some time, but the result will be worth while, for there is national solidarity in all people of a nation speaking the same language. Eight and a half million people in this country over ten years of age cannot speak read or write the American language. To the correction of conditions every citizen should resolve to do his part."

## TWO UNIDENTIFIED BODIES FOUND DROWNED

Denver, Colo., Oct. 13.—The bodies of two women found today in Berkeley Lake had not been identified tonight. Death was caused by drowning and the coroner said indications were that the drowning was the result of a suicide pact. A letter addressed to Edith Cook of Lisbon, Iowa, was the only clue to identification. One of the women had two long cuts in her scalp.

## INSANE PATIENT PICKED UP

Zion City, Ill., Oct. 13.—Martino Pastori is held by the police here, pending an investigation of his story that he escaped at St. Louis, Mo., from a party of eight insane patients being taken from Stockton, Calif., to a sanitarium in Michigan. Pastori was arrested by officers who were called by a woman who had seen the man wearing an army blouse he was wearing and tear it into shreds.

## INJUNCTION DISMISSED

Springfield, Ill., Oct. 13.—After a session at Carville, Ill., lasted until late hour tonight, Circuit Judge E. S. Smith dissolved the temporary injunction issued by Master-in-Chancery Friggle to keep off the ballot at the election Nov. 4th the "three public policy questions" backed by the Illinois initiative and referendum league. Judge Smith also allowed the motion to appeal the case to the Illinois supreme court.

San Francisco, Oct. 13.—A resolution endorsing Gov. Frank O. Lowden of Illinois as its choice for the republican nomination for the presidency next year has been adopted by the Illinois State Society of Southern California. Officials of the society announced today.

## DEMAND OF COAL MINERS DISCUSSED

Senate Takes Hand in Hope of Averting Threatened Strike of Miners on November 1st.

WASHINGTON, Oct. 13.—Demands of coal miners in central competitive fields for more wages and changed working conditions were discussed today by Secretary Wilson by a senate interstate commerce sub-committee.

"Secretary Wilson assured us that as a government official he had already interested himself in the threatened strike," Senator Frelinghuysen, Republican of New Jersey said in a statement following the session, "and that he hopes to make an adjustment. The committee will cooperate with him to that end."

"It was the feeling of the sub-committee, however, that the agreement of the coal miners made with Dr. Garfield, when he was fuel administrator, to maintain the present scale of wages for the period of the war or until April, 1920, constitutes a binding contract and should be fulfilled. For that reason it is probable that no further action will be taken immediately."

Miners in the bituminous fields have announced their intention of striking on November 1 unless wage increases and shorter hours are given them. Members of the senate committee taking part in the discussion today besides Chairman Frelinghuysen, were Senators Elkins of West Virginia and Townsend of Michigan, Republicans, and Wolcott of Delaware and Myers of Montana, Democrats.

Overthrow U. S. Troops. In Contents of Handbills Distributed in Gary, Ind.

Proclamation of the Communist Party of America Also Urged on Unsigned Literature.

CHICAGO, Oct. 13.—Coincident with police reports that three steel plants in the Chicago district re-opened today, Gary, Ind., announced the general distribution of anonymous handbills urging overthrow of the federal troops stationed in that city.

The handbills found thruout the downtown section of Gary purported to bear a "proclamation of the communist party of America," but were unsigned.

"Great mass meetings" were advocated as the means of usurping control.

No disorders were reported from the various steel centers in the district altho labor leaders were said to have distributed several hundred additional pickets in South Chicago, Gary and Indiana Harbor.

Reports indicated the largest number of pickets gathered in the vicinity of Waukegan, where the company of the International Harvester company and the Interstate Steel & Iron company plants at South Chicago, both of which reopened today after three weeks of idleness. Police said approximately 800 men returned to work at the Wisconsin plant, where the usual force is reported to be 1,800 and that 200 men resumed operations at the Indiana plant, which is said to employ 400 regularly.

Approximately fifty per cent of the normal working force also was reported by police when the Federal Furnace company reopened.

John Fitzpatrick, chairman of the national committee for organization of steel workers, declared he did not believe more than three per cent of the men in the Gary plant of the United States Steel corporation had returned to work.

The by-products coke corporation reported the return to its South Chicago plant of 400 workers of a force said to be 1,200 normally.

Resumption of operations also was announced from the plant of the Mark Manufacturing company, altho no figures were given as to the returning workmen. Officials of Waukegan steel plants claimed that a number of strikers had returned to work.

At Indiana Harbor, a claim by officials of the Inland Steel company that 3,000 men were out at work was denied by J. E. Howard, secretary of the allied steel companies of that city. One thousand newly returned workers were claimed by the American Sheet and Tinplate company. An official of the Illinois Steel company said the largest number of men to return to work in any day since the strike started went back to their posts at the Gary and South Chicago plants today.

## BILL WOULD FORBID POLICE FROM A. F. OF L.

Washington, Oct. 13.—Under a bill passed by the house today members of the District of Columbia police force would be forbidden to join labor organizations.

Members of the force last week voted to give up the charter granting the local union a membership in the American Federation of Labor.

## DES MOINES CITY EMPLOYEES GETTING RAISE

Des Moines, Ia., Oct. 13.—The city council today voted a blanket increase of \$20 a month in pay to Des Moines police, firemen, and health department employees. The increase dates back to September 1 and will add to the city's payroll about \$250,000 a year.

## CONFERENCE WILL TAKE UP LABOR'S RIS LUTION

Proposes Intervention in Big Steel Strike

COMMITTEE OPPOSES

Members of Parley Believe That Plan Will Meet Same Fate as Hands of Conference.

WASHINGTON, Oct. 13.—The steel resolution proposing intervention in the steel strike will come before the national industrial conference without recommendation from the central committee as the first order of business tomorrow, it was learned authoritatively tonight.

The committee devoted only a small portion of an all day session to consideration of the arbitration resolution. Owing to the opposition of a majority of the five members of the employers' group in the committee, a favorable report could not be obtained, and the resolution will follow the only other possible course open.

Members of the conference expressed the opinion tonight that the proposal will meet the same fate at the hands of the conference tomorrow.

A strong majority of the employers' group is known to oppose intervention in the strike and action can be

To solve some of the financial troubles in Mexico it has been suggested that a string of fifteen American banks be established. It is a safe guess that American financiers will undertake nothing of the kind until greater protection is assured them than can come from the Carranza government.

## ANOTHER USE FOR AIRCRAFT

Still another advantageous use of the aeroplane has been discovered. Government agents are using the aircraft in collecting evidence against moonshiners in the mountainous regions of the east and south. Even the aeroplane with its hazards will afford the federal men more safety than they have had in the old methods of seeking to corral the illicit liquor makers.

Prof. Albert H. Porter, who ever he may be, is the "eminent" authority who declares that America was discovered not by Christopher Columbus in 1492 but by Antistius Tarquinus, an Etruscan admiral, 478 years before the birth of Christ. Possibly Porter can prove this statement to his own satisfaction but most of us will continue to celebrate Columbus day and the discovery of America as of the year 1492.

## TRADES INCREASES NOTED

Statistics show a decided increase in trade between the U. S. and the west coast of South America. One steamship line has just announced an increase in its freight service because of the greater volume of business. This increase has been expected as a natural result of the war and because of the distinct movement

for it, resulting from the Pan-American congress.

Before the war some of the European countries gave South America better trade opportunities than were afforded by American manufacturers, but that time is past and Americans are now expecting to retain the customers they secured in the war days—and in fact to continue to increase the volume of South American commerce.

## ENFORCING PROHIBITION

Congressman Rainey has introduced a bill which would in effect declare wartime prohibition at an end. This legislation, however, is proposed after a bill has already gone to the president for the enforcement of the war time prohibition act and constitutional prohibition, with the time for constitutional prohibition only a little more than two months in the future, and it now seems unlikely that the president will disturb the prohibition regulations already in effect. He might have done this six months ago and caused no joy to the liquor interests, but at this late date such a ruling would not be heralded with delight in any quarter.

## "HOME GRIEFS GROW LESS"

One of the Chicago papers recently published a lot of statistics to show that there have been more crimes committed in that city since prohibition took effect than during the same months a year ago. In this case the statistics prove nothing, because it is recognized that conditions everywhere are much different by comparison with a year ago. There is more of social unrest. But even if the statistics are taken as indicative they must be compared with the report just made by the juvenile protective association of Cook county, declaring that home conditions are much improved with prohibition in force. The headline of this report says "Home griefs grow less." Certainly if that statement can be continuously shown to be true, a very sound argument in favor of prohibition has been forged.

## THE VALUE OF HEALTH

Col. House is another member of the U. S. peace commission who has returned to his home country shattered in health. His physicians say a period of complete rest will be necessary before he can again take up business or public affairs. The last

reports from President Wilson were not as encouraging as they had been, at least some disquieting rumors have resulted from statements in a letter by an eastern senator suggesting that the president's illness is more serious than the published bulletins have indicated.

All of which goes to show what a wonderful asset is health, and how insignificant all else is by comparison. A man who is rugged and strong thinks nothing about that asset but goes ahead in the busy round of life drawing on the health supply as if it were inexhaustible.

## UNCLE JOE AND THE LEAGUE PLAN

Uncle Joe Cannon in his usual unique phraseology has stated his position clearly on the league of nations program. The veteran congressman declares that after having taken an oath twenty-three separate times to support and defend the constitution of the U. S., he cannot now consistently contribute to a fund which is to be used to create public sentiment to force "senators to ignore their oaths in voting unreservedly for ratification of the peace treaty. Continuing, Mr. Cannon expressed himself thus:

"No man can serve two masters, and having sworn undivided allegiance to the constitution, I cannot, in the closing days of my life, divide it with the league of nations, which would pool the interests of the United States with every foreign nation."

Many people in the U. S. look upon Uncle Joe Cannon as a successful politician, as many or more count him an astute statesman who has weathered fifty years in congress with a great accumulation of worthwhile knowledge. His opinion carries great weight with it.

## LIFE'S EVENING

When a man is waxing old, and his whiskers change from gold to a sort of brindled gray, when his pep has slipped away, if he's fixed so he can rest, letting work go, galley west, he will find life's gloaming gay, cheerful as a circus day. In my younger years I toiled till my galluses were spoiled, and I salted down some seeds, saved the dollars of my

dads; when six dollars came to me I would pickle two of three. Now I'm in the yellow leaf I am free from dread and grief. I don't have to work a bit when I am not feeling fit. I can run around and play with the dachshunds all the day; in my stately limousine I am burning gasoline for I saved the silver wheels when the pep was in my heels, and I do not care a dern how much money I may burn. It is dire to see old lads going forth to earn some scads; it is sad to see old gents counting up their meagre cents, trying hard to pay their way, when they should be out at play. Age comes on us, swift and sure; then its beastly to be poor. You'll be old yourself, full soon; therefore, save the bright doubloon.

## INDIAN SUMMER WILL SOON BE DUE

Known by Different Names Over the Country.

When there's a haze along the horizon, a clear sky overhead and the sunsets are brilliant; when great cobwebs float over the fields and the Chicago Tribune prints its famous cartoon of the old man likening the corn shocks in the dusk to India tepees; when the hay fever is gone, hickory nuts have been gathered and persimmons are losing their pucker; then it is that people say, "It's Indian summer."

Indian summer represents a period of mild weather, occurring most any time in October and November. The term is of American origin but is now used also in England. It is only a particular case of what happens all the year round, an incessant alternation of warmer and cooler; water and dryer weather, accompanied by variations in the direction of the wind.

Foresters declare that the Indian summer is due to the forest fires; that people close to the forest experience the dark days; those further away have the hazy atmosphere and beyond this is the radiant Indian summer with its yearly appearance in atmosphere. All this, claimed to have been figured out accurately, takes away much of the romance with which we are wont to surround Indian summer.

This season occurs all over the world and is known by different names. In England it corresponds to the St. Luke's or St. Martin's summer; in France it is known as the summer of St. Martin or St. Denis; Italians call it the summer of St. Teresa; while Russians and Germans dub it Old Woman's summer. In South America it is St. John's summer.

## BARR BROWN TO LEAD Y. M. C. A. CAMPAIGN

Finance Committee Meets at Y. Monday Evening—Will Launch Budget Campaign Next Week.

The finance committee of the local Y. M. C. A. met last evening and made plans for the budget campaign which has been postponed since last May. The date of the campaign was set for the week of October 20, and the amount needed for this year's budget is \$7,000. It was agreed to solicit memberships and contributions.

The committee considers itself very fortunate in securing W. Barr Brown as chairman of campaign committee, which means success for the budget campaign. Mr. Brown will be ready to announce his committees and team captains by Wednesday evening, when another meeting for that purpose will be called.

All friends and members of the organization are asked to support this campaign because of its civic service and its special service to the young manhood of Jacksonville and because it is operated on an economic business basis. All current bills were paid last year, and the old debt was reduced almost \$3,000.00. That is the Jacksonville way of doing things. President Wilson once said that a community may be judged by the interest it takes in its Y. M. C. A. Let's make Jacksonville stand right again.

Officers.  
The officers and directors of the local institution are as follows:

President—H. J. Rodgers.  
Vice President—C. H. Rammelkamp.  
Recording secretary—H. H. Vasconcellos.  
Treasurer—W. G. Goebel.  
Board of directors—G. B. Andre, W. J. Brady, C. F. Ehrie, A. D. Fairbank, C. A. Fiedler, A. C. Metcalf, W. B. Rogers, W. E. Spoons, E. B. Spink, E. M. Spink, and Joshua Vasconcellos.

## Y. M. C. A. Notes

The local Y. M. C. A. has an estimated daily attendance of 200, about 75 per cent of which are boys under 21 years of age. During the past year there were 234 regular gym classes with an attendance of 3965. There were 44 swimming lessons with an attendance of 741—122 special swimming lessons in which 24 boys learned to swim. There were 43 Bible class sessions with an attendance of 398. These are a few of the things that happened at the local Y since January 1st because our activities were closed during the flu epidemic last fall.

We are proud to announce that the president of our Hi Y club of two years ago, Glidden Reeve, is to preside at the opening of the State Older Boys' Conference this year in Aurora. The meeting is to be held during the week ending Nov. 24th. The conference was held in this city two years ago. However, the conference was not held last year because of the war.

Styles, qualities and prices of Ladies' Furs that prove most attractive are shown by FRANK BYRNS' Hat Store.

## ATTENDED EASTERN STAR MEETING

Mrs. Walter Rabjohns and Mrs. Julia Goodrick returned Sunday from Chicago where they visited Mr. and Mrs. Earl Goodrick of that city and Mr. and Mrs. Albert Goodrick of Hubbard Woods.

Mrs. Rabjohns attended the Grand Chapter sessions of the Order of the Eastern Star which were held in Medinah temple last week. The session was one of the largest ever held and thoroughly enjoyed by all.

They opened with the obituary ceremony and the installation of officers. Mrs. Vivian Scott of Chicago is the new worthy grand matron. Mrs. Grace Steely of Bloomington is the new associate grand matron. Mrs. Helen Brakefield, well known in Jacksonville is the new associate grand conductress.

Members of the order will be pleased to know that the next session of the grand chapter will be held in Springfield.

## "Lord and Lady Algy"

Tom Moore and the celebrated Tom Moore smile comes to the Rialto next Monday and Tuesday in the finest photoplay of his noteworthy career, "Lord and Lady Algy." It's a racing romance, all right, and has more speed and dash than the fastest thoroughbred that ever scampered over the turf. All the trouble started when his zoner, Lord Algy, has to choose between keeping his wife and playing the horses, and took the latter course. But friend wife had a little trick up her sleeve and when Algy staked the family fortune on a "sure bet" something happened.

It is one of those photo plays that you have the good fortune to see once-in-a-while. You will like—we'll guarantee that!

Those Ladies who desire

## Dresses, Frocks or Suits

Tailored to Order

## Mark Strassberg

Expert Designer and Dress-maker of Chicago

formerly with Field and Jacques, of that city, and Horn, of Pittsburgh, has charge of our department for ladies, assisted by competent seamstresses

## Jacksonville Tailoring Company

233 East State Street. Both Phones

All Garments Made in Our Own Shop by Skilled Union Workmen.

IN times past it perhaps has been necessary for ladies desiring strictly tailored dresses of the highest character in style and workmanship, to go to one of the larger cities. Such however is not true at the present time.

We consider that we have been extremely fortunate in securing the services of Mark Strassberg, a gentleman who has given years of study to the designing and making of ladies' dresses. Mr. Strassberg has served in this capacity with such firms as Marshall Field and Jacques of Chicago, and Horn of Pittsburgh, which in itself is a strong recommendation, and is eminently fitted to carry to success any work entrusted to his care.

Mr. Strassberg is a natural designer, following of course to a necessary extent the dictates of fashion, giving his first attention to producing the dress that will be truly becoming to the wearer. He is apt in understanding the individual ideas a patron may have and wish followed. And after the design has been decided upon Mr. Strassberg is equally adept in tracing the pattern and in draping. And in workmanship there is nothing left to be desired, a corps of skilled makers having been employed.

In popular dress materials we might mention the new Tricotine, Tricolette and Duvetyne; and velveteen for frocks. In suits the favorite broadcloths and serges, with the new Chevola, Habit and Mikado Checks, Heathertones and Radium Cord.

We are prepared to give absolute satisfaction, whether your order be for a specially designed wedding trossseau, party or street dress, and a cordial invitation is extended to the ladies of this city and vicinity to call and discuss these matters with us.

G. E. Peterfish and wife were shoppers here Monday.

## MISS GIBBS IS BRIDE OF WINCHESTER MAN

Lynnville Girl United in Marriage to Harold K. Birk at Lynnville Methodist Church Sunday.

Harold Kirby Birk of Winchester and Miss Nelle Beatrice Gibbs were united in marriage at the Lynnville M. E. church Sunday morning.

The couple sprung a unique surprise on their many friends. While it was known that they expected to be married no time had been set for the wedding and only the immediate relatives knew of their secret.

Sunday morning, after the regular church services the pastor asked the congregation to remain seated as there was some important business to be transacted.

Miss Gibbs and her attendant, Miss Elsie Cully, were seated in the back part of the church on the west side and Mr. Birk and his groomsmen, Oscar Edward Gibbs, brother of the bride, were seated on the east side of the church. Rev. George Flannery of Red Oak, Iowa, a former pastor, was seated about midway of the church.

Miss Martha Gibbs, a sister of the bride, played the church services. Immediately after the announcement by the pastor she started the wedding march and the bridal party with Rev. Mr. Flannery, proceeded to the altar.

Here the ceremony was said by Mr. Flannery, the ring service being used. Following the ceremony the congregation then greatly surprised pressed forward to extend hearty congratulations.

The bride is the second daughter of Edgar Mason and Jennie Dickinson Gibbs and comes from one of the best known families in the county. She attended the Winchester high school and later took a domestic science course in Springfield.

She is a member of the Lynnville M. E. church and a young woman of great personal charm and talent to a marked degree.

The groom is the son of Mr. and Mrs. William Birk. He graduated from the Winchester high school and for the past seven years has been bookkeeper and general manager of the Allen Hunter Lumber company of that city.

As evidence of the high esteem of his employers they presented him with a \$100 purse of gold as a wedding gift. He is a member of the Baptist church in Winchester.

The bride wore a beautiful gown of navy blue messaline with blue crepe over-drapes to match the bodice being of figured georgette. Her hat and shoes were field mouse gray and she wore a corsage bouquet of Ward roses.

The bridesmaid's gown was of seal brown taffeta with georgette overdraped, hand embroidered in old rose and old gold with hat and shoes to match. She also wore a corsage bouquet of Ward roses.

Following the ceremony the bridal couple and a number of relatives and friends went to the home of the bride west of Lynnville where dinner was served. This dinner was one of the kind of which the Gibbs home is justly famous.

Those present were: Mr. and Mrs. Harold Birk, Miss Elsie Cully, Everett Gibbs, Rev. George Flannery of Red Oak, Iowa; Dr. and Mrs. A. E. Obermeyer, Arcadia; Mrs. Mary Gibbs, Mrs. William Birk and son George, Winchester; Mr. and Mrs. Albert Coultas, Will and Jessie Richardson, Mr. and Mrs. B. H. Gibbs, Riggsburg; Rv. G. T. Wetzel and daughter, Mr. and Mrs. S. W. Babb, Mr. and Mrs. John Gibbs, Jacksonville, Mr. and Mrs. Scott Gordon and son, Mrs. Mary Moore, Mr. and Mrs. Abe McCullough and daughter Irene, Lynnville; Miss Sue Dickinson and Carl Stubbfield, Orleans.

Mr. and Mrs. Birk will begin housekeeping at once in Winchester, where the groom has a home already prepared for his bride. They will have the best wishes of a large number of friends for a long and prosperous married life.

STOCKHOLDERS MEET AT WOODSON MONDAY

F. J. Schofield Elected President of Woodson Farmers Elevator—Other Business Transacted.

A meeting of the stockholders of the Woodson Farmers Elevator was held in Woodson at Colton & Baxter's Hall at two o'clock Monday afternoon with a good number of the stockholders in attendance. Various matters of business connected with the elevator were discussed.

The following directors were chosen: Edward Reaugh, J. L. Henry, and B. C. Self, for a period of three years, and Charles Ransom to fill the vacancy caused by the death of C. E. Reynolds, for two years.

Following the meeting of the stockholders the directors met and organized, electing the following officers:

President—Fred J. Schofield. Secretary—William Craig.

Hugh Hagen was re-employed as manager of the elevator. Mr. Hagen has been managing the property for the past two years and has been most successful.

Plans were discussed for extending the scope of the elevator's business. Arrangements are under way whereby various articles will be placed on sale at the elevator, such as flour, fencing, and perhaps farm implements.

Improvements of various kinds have been made at the elevator. Gas engines, have been installed to take the place of a steam engine and other changes made for the betterment of the property.

PUBLIC SALE

Oct. 15, consisting of live stock and farming implements at farm 6 1/2 miles northwest of Jacksonville, commencing at 10:30.

Howard S. Cully.

## MRS. J. J. BERGEN DIES AT VIRGINIA HOME

Charter Member of Presbyterian Church Here—Deceased a Sister of R. R. Stevenson.

Virginia, Oct. 13.—The death of Mrs. J. J. Bergen, a long time resident of this city, occurred this morning at 8:15 o'clock. Mrs. Bergen's death came as a great shock to the community, following an illness of only a few hours.

About 4:30 o'clock this morning members of the household were awakened and found Mrs. Bergen ill from a heart attack. She grew constantly worse until the end came.

Mrs. Bergen before her marriage was Miss Sarah Cornelia Stevenson, and she was a member of one of the oldest Cass county families. As a young woman she became the wife of John J. Bergen, also a well known resident of Cass county, and Virginia has always been their home.

Mrs. Bergen is survived by her husband and two children, Mrs. L. M. Montgomery of Cass county and Mrs. F. T. Montgomery of Seattle. She leaves also three brothers; Robert R. Stevenson of this city; Joseph Stevenson of Chicago and Charles Stevenson of Little Indian.

Mrs. Bergen was one of the charter members of the Presbyterian church of Virginia and her going leaves but two survivors in the charter membership. Through all the years she was active in various phases of church work and was a woman of unusually strong character and worth. The funeral will be held Wednesday afternoon at 3 o'clock at the residence.

ANOTHER WRECK ON WABASH SUNDAY

Smash-Up of Freight Cars at Hull on Sunday. Follows Costly Derailment Near New Berlin Saturday.

Following the serious freight smash-up near New Berlin Saturday afternoon the Wabash railroad company suffered another bad wreck near Hull Sunday when seventeen freight cars were derailed.

The cause of the derailment and the ditching of these seventeen cars is not known. The property damage was large but so far as reported yesterday there was none of the train crew hurt.

In the wreck which happened Saturday there was much perishable goods and this added largely to the property damage. There was one car load of California raisins and the breaking up of this car was taken advantage of by many in the crowds which visited the scene of the mishap Sunday.

The cars were most toothsome and highly appreciated by the visitors. Two tank cars containing gasoline were also cracked open and practically all of the valuable contents of the tanks went to waste. The other cars in the wreck carried copper bars.

All of the Wabash trains over the main line were detoured Sunday over the Chicago & Alton system by way of Murreysville. The first train to come thru from Springfield direct arrived in Jacksonville about six o'clock Sunday evening.

ALL NOW HERE

Elk Bridge Company Employees Are Now Located in Jacksonville.

Contrary to some rumored reports, the removal of the Elk Bridge Company from Roodhouse to Jacksonville will not bring one hundred new families to this city. All members of the company moving from Roodhouse to Jacksonville are now located here. The management of the Elk Bridge Company do not wish the citizens of Jacksonville to misunderstand the company's contribution to the city's population.

Below are listed the total number who have moved into our city:

W. E. Sullivan, wife and daughter, Miss Leta.

Leo A. Sullivan, wife and baby daughter.

Ben O. Roodhouse, wife and two daughters.

John Jilek and wife.

John Magee, wife and children.

R. E. Fillman, wife and two children.

Harry C. Kelley, father and two brothers.

Harry Sanderlin, wife and two children.

Joseph F. Smith and mother.

Elmer Shewmaker and wife.

J. P. Hamblen and wife.

Otho Burkhardt and wife.

T. A. Dawson and wife.

James Donovan and wife.

Frank L. Vannier.

Fred Stuart.

This list totals exactly forty-one people and all with the exceptions of two are taken care of with homes or permanent boarding places. These two have not yet decided upon their future permanent plans, but will probably move their families here later. These folks will all be permanent residents as the employees coming from Roodhouse have been in the employ of the company for several years.

In addition to the workers coming from Roodhouse, a goodly number of Jacksonville men are now employed at the company's new factory where the construction is rapidly nearing completion and materials and machinery are being placed preparing for the winter's production of the big Elk wheels and light plants, which will soon be under way.

Mrs. Livy Stigall and daughter Viola, of Beardstown, spent the week-end with Mrs. J. B. Jordan of West North street.

## TWO DEAD AS RESULT OF BURLINGTON WRECK

John Foulke, Engineer, and L. E. Palmer, Fireman, Die From Injuries Received When Engine Overturned Saturday Night—Foulke Funeral at Litchfield.

John Foulke, engineer, and L. E. Palmer, fireman, of Burlington passenger train No. 52, who were killed when their engine was wrecked late Saturday night, died at a hospital in Galesburg at 7 o'clock Sunday morning.

Engineer Foulke and Fireman Palmer were in charge of the Burlington southbound passenger which was wrecked Saturday evening. Someone stole tools from the section house at Farmington and removed a rail from the track about two miles north of that city. The engine and baggage and mail car left the rails and the engine overturned and Foulke and Palmer were pinned underneath.

Several mail clerks, the baggage men and a few passengers in the smoker and day coach received minor injuries. A man was arrested near the scene of the accident, suspected of having something to do with the wreck. He claimed to have been a passenger on the train and was thrown thru the window when the train was wrecked. He is being held for further investigation. It is believed now that the wreck was caused by someone who had a grudge against the railroad.

John Foulke was one of the oldest engineers in point of service on this division of the Burlington.

### Asserts New Discovery Brings Blessed Relief to Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that it taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs

almost nothing. Get a one ounce bottle of Mentholized Ane at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work but sometimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

### Social Events

**Mrs. Tilton Entertained for Mrs. Fred Schoneman.**  
Mrs. Earnest Tilton entertained a company of ladies at her home, 414 South Kosciusko street Monday afternoon in honor of Mrs. Fred Schoneman, who was recently married. The guest of honor was presented with a cut glass set by the ladies. A social hour followed and dainty refreshments were served by the hostess. The guests were: Mesdames Fred Schoneman, A. B. Read, Theo Zimmer, D. W. George, Lillian Stout, T. J. Cranwell, W. O. Coffman and Miss Ora Gibson.

**Intermediate C. E. Society Holds Meeting.**  
The Intermediate Christian Endeavor society of Central Christian church held its regular monthly social and business meeting at the home of the super-

tendent, Miss Fern Haigh. A Halloween party and a market to be held soon were among the matters discussed at the meeting.

The following committee was appointed to arrange for the market, the date of which will be announced later: Kathryn Owens, chairman; Edith Strandberg, Virginia Cummings, Harold Hunter and Lucille Hunter.

The Halloween party will be held at the Christian church Tuesday, Oct. 21st.

### Mr. and Mrs. Cowdin Issue Invitations.

Mr. and Mrs. Charles Cowdin of Chapin have issued invitations to the marriage of their daughter, Miss Mabel Cowdin to Dr. Homer P. McNamara of Springfield, the wedding to take place October 27th at eight p. m. at the home of the bride's parents near Chapin.

### Miscellaneous Rush for Miss Mabel Cowdin.

Miss Amy Onken, assisted by Mrs. Harry Onken gave a miscellaneous rush last Wednesday afternoon at their home in Chapin in honor of Miss Mabel Cowdin who is soon to become the bride of Dr. P. H. McNamara of Springfield. A limited number of the friends of the bride were present. Miss Cowdin received many beautiful and useful presents. Elaborate refreshments were served by the hostesses.

### HERBERT RIGGS HOLDS CLEANUP SALE

Murrayville Farmer Disposes of Surplus Stock—Sale Totalled \$2,900.

Herbert Riggs held a cleanup sale at his farm near Murrayville Monday. The sale totalled \$2,900 and only fair prices prevailed especially for the hogs.

H. E. Spencer of Scottville was the auctioneer, and C. U. Million of Murrayville was the clerk. The ladies of Union Grove church served the lunch. Some of the buyers and prices are herewith given:

**Cattle.**  
Joseph Wilson, four heifers at \$39.75 each.  
Martin Canatsey, three steers at \$43.75 each.  
Charles Sullivan, two years old steer \$66.  
Fred Rule, two steer calves \$30 each, cow at \$45.50.  
Everett Pennell, two Jersey calves, \$21.50 each two steers at \$40 each.  
Perry Woods, two steers at \$25 each.  
Frank Planard, cow at \$51 and one at \$43.  
C. J. Wright, cow at \$59 and one at \$37.50.  
Clint Strawmatt, two years old heifer at \$40.  
Otto Woods, cow and calf at \$50 and cow at \$40.

**Hogs.**  
Orville Mutch, 23 fat hogs \$22 each, nine at \$16.30 each, four sows and pigs at \$40 each and one at \$40.  
Albert Riggs, 15 hogs at \$14.50 each.  
Everett Pennell, 16 stock shoats at \$12.25 each.  
Edward Strawmatt, six shoats at \$10.10 each.  
Ralph Riggs, sow and 6 pigs, at \$27.  
Joseph Wilson, sow and pigs, \$50.25.  
Walter Riggs, Perry Woods, Everett Pennell and E. H. Spencer each purchased a sow for \$40.

### Funerals

**Fernandes**  
The funeral services for Dorothy Fernandes, the two months old child of Mr. and Mrs. Louis Fernandes, were held Monday afternoon in charge of W. M. J. Boston. Interment was made in Jacksonville cemetery.

**Grady.**  
The funeral of Miss Mary Grady was held from the Church of Our Savior at 9 o'clock Monday morning in charge of the Rev. Father Formaz. Burial was in St. Bartholomew cemetery, the bearers being Joseph Maloney, Charles O'Donnell, Thomas Duffner, Michael and John Robinson, Fred Degen and John W. Clary.

**Haen.**  
Funeral services for Mrs. C. G. Haen who died in Chicago, were held at Jacksonville cemetery at 2 o'clock Monday afternoon in charge of the Rev. E. B. Landis. The bearers were: J. W. Bowen, C. B. Massey, Charles Cruse, James Swales, Arthur and Morris Updegraff.

The deceased was a daughter of Martin Glasgow and for many years resided in this city and vicinity.

**Bowyer.**  
Funeral services for Mrs. Emma Bowyer were held from the Union church Sunday afternoon at 2 o'clock in charge of the Rev. Ansel Conlee.

Music was furnished by the choir of the church. The flowers were cared for by Misses Irene and Martha Hall and Hazel Ezzard. Burial was in Union cemetery, the bearers being John Hall, Harry Hall, Milton Spaenhower, John Spaenhower, William Cox and Edgar Vasey.

**Rousey.**  
The funeral of Oliver Rousey was held from Murrayville M. E. church at 2 o'clock Monday afternoon in charge of the pastor, Rev. J. E. Bell. Music was furnished by a quartet composed of Mrs. C. R. Short, Miss Floreca Short, Miss Stella Cunningham and Miss Mildred Wright.

The flowers were cared for by Misses Helen and Pearl Rousey, Dorothy and Meda Blakeman, nieces of the deceased. Burial was in Guilin cemetery, the bearers being William Rousey, Jacksonville; Edward and Roy Rousey, Manchester, and

Perry, Carl and Clyde Rousey of Murrayville, nephews of the deceased.

Mr. Rousey was born in Murrayville and resided there for many years. He went to Granite City about 20 years ago and died at his home in that city Saturday evening at 8 o'clock.

He leaves one half-brother, Charles Rousey of Murrayville and one sister, Mrs. Emma J. Hamm of Garland, Kansas.

### Matrimonial

**Darst-Springer.**  
The marriage of Lieut. James Irl Darst, of Pana, to Margaret Gertrude Springer, of Oakwood, in the Oakwood Methodist church, on the evening of October 9, was a notable social event. Mr. Monroe Darst, brother of the groom, was the best man, and Mrs. J. Harry Woods, of Chicago, sister of the bride, was the matron of honor. Master Haven Oakwood served as ring bearer, and Miss Mildred Oakwood as flower girl. Misses Martha Davidson, Oletha Johnston, Winifred Green, Maude Hughes, Tempa Snider and Josephine Baroo were the ribbon girls. Harry Woods was chief usher and Paul Springer card reader. Promptly at 8 o'clock Mrs. Hazel Purnell began playing the wedding march and the bridal party took position before the church altar as Dr. George E. Schrimmer, father of the bride, pronounced the marriage ceremony, using the double ring service. There were 200 invited guests and spectators. After the ceremony the newly wed couple received congratulations in the lecture room of the church. Light refreshments were served in the basement to the guests from out-of-town, and to the official board and their wives. The auditorium, lecture room and basement were beautifully decorated. Captain Schuyler Springer arrived from Washington, D. C., just in time for the wedding. Many beautiful and useful presents were received, among them a lovely bridal veil, the gift of the bride's godmother, Mrs. Sain Welty, of Bloomington. Lieut. Darst is a prosperous young business man of Pana, engaged in the automobile business, and the bride is an accomplished musician and singer, until recently a student at the Illinois Woman's College in this city. The couple will spend the winter with the parents of the groom near Pana, and probably will begin housekeeping in Pana in the early spring.

### CHRISTMAS CANDY WILL BE COSTLY

Shortage of Sugar Given as Reason for High Prices of Candies.

The striped candy cane, the gum drops and the bright-colored hard candies were probably the most sought in the stocking this Christmas and fortunate will be the young woman who receives a five pound box of chocolates, for candy is to be scarce and high in

fact, wholesalers here say they have no definite promises of what they will receive.

"We've had our order in for sixty days," said one but they are reticent about the orders. The sugar situation won't permit making much candy.

Another wholesaler, who has had orders for Christmas candy placed for some time, gets advice to the effect that as much will be sent as is possible. The orders will be apportioned out among the various customers, and all orders will be subject to any amount and any price.

### With the Sick

Roger Carter of 475 Lincoln avenue, son of Professor Carter, has taken ill with appendicitis. He is at the Passavant Hospital. Roger is a Freshman student at Illinois College.

Phones 800

Adjournment was then taken un-  
til 6 o'clock.

Dinner was served at 6 o'clock  
by the ladies of the church and  
was of the quality for which the  
ladies are noted. After dinner  
Rev. W. G. Neil of Chicago made  
an address. Addresses also were  
delivered by Dr. Washburn of Bo-  
livia, South America and Rev. E.  
K. Towle of Champaign.

Adjournment was then taken  
to the auditorium where an audi-  
ence that completely filled the au-  
ditorium had gathered. The pro-  
gram opened with a twenty-five  
minute address by Rev. Neil on  
Evangelism. Dr. Washburn gave  
a lecture on South America which  
was illustrated by stereopticon  
views.

Today's Sessions.  
At 8 o'clock the committees  
appointed will make their reports.  
Rev. Victor Schraff of Chicago,  
secretary of the Area commission  
on Evangelism will make an ad-  
dress. Reports of committees  
will be received and adjournment  
will be taken about 3 o'clock.  
Rev. E. K. Towle has been  
elected conference secretary.

## NEIGHBOR'S OAKLAND MAKES QUICK SALE

A man living twenty-five miles  
from Jacksonville (name on ap-  
plication) saw his neighbor driv-  
ing a new car and asked him its  
name and then for a ride. He was  
told it was an Oakland, the best  
Six Cylinder car made. After  
a short ride the neighbor said:  
"Say, if I could get a car like  
this I'd buy right now." "You  
can," says the owner. "Just  
come on in the house when we  
get back and phone Jake Claus;  
he's got 'em." The neighbor did  
phone, and the deal was closed in  
five minutes for an Oakland tour-  
ing car.

Mr. Claus says they have been  
able to get in a few Oakland Sen-  
sible Sixes and that persons con-  
templating buying should do so  
now as prices are certain to ad-  
vance. It will be safe to do this  
as there will be no radical changes  
made in Touring, Roadster, or  
Sedan Model Oaklands.

The Munsing underwear  
covers more men with satis-  
faction. Many weights are  
shown by FRANK BYRNS'  
Hat Store.

## DOKAYS PLAN BIG CEREMONIAL SESSION

Will Be Held Thanksgiving Day  
—Committee Decided Upon  
Date at a Meeting Held Monday  
Night.

At a meeting of the general  
committee held Monday evening  
it was decided to hold a ceremon-  
ial of Ilderim Temple on Thank-  
sgiving day, November 27. The  
general committee which was ap-  
pointed at the last regular meet-  
ing of the temple is composed of  
A. J. McCarty, J. E. Scott, Charles  
Godfrey, Mason Rowe, H. J.  
Capps, Alfred C. Smith.

The ceremonial time is set at  
4 o'clock on the afternoon of  
Thanksgiving day and there will  
be something doing every minute  
until the wee small hours of the  
following morning. The commit-  
tee in charge are as follows:

Membership—George Wiseman,  
J. E. Scott, Foster Dill, George  
Bundy, Fred Batterschell, Jay  
Rodgers, J. O. Wimberly, Joseph  
Shriver, John Crater, Arthur  
Reeve, James Guyette, Alfred C.  
Smith, Wilbur Hauck, Fred James-  
son, Mason Rowe.

Banquet—Lloyd Hall, Glenn  
Cannon, Fletcher Kellogg, A. R.  
Taylor.

Invocation—L. B. Turner, J. E.  
Scott, Fred Batterschell, Mason  
Rowe.

Music—James Guyette, Earl  
Richardson, C. B. Magill.

Eighth Order—Charles God-  
frey, Fred Jameson, Ivan Ingram.

ALEXANDER  
Alexander, Oct. 13.—Joseph  
Kumle of Alexander was a busi-  
ness visitor in Alexander, Mon-  
day.

Miss Amanda Strubbe of Cha-  
plin was a week-end visitor with  
friends in Alexander.

Miss Anna Snyder was visiting  
with relatives in Alexander Sun-  
day.

Mr. and Mrs. Jesse Lawson of  
Franklin and Mr. and Mrs. Geo.  
Snyder of Franklin, visited with  
relatives in Alexander Sunday.

Mrs. Mary Dunlap and son  
John, Mrs. Frank Cowell and  
daughter Margaret visited at the  
home of Newman Oddy near Jack-  
sonville Sunday.

James Ledford of Alexander  
was a business visitor in Spring-  
field Monday.

WINCHESTER  
Winchester, Oct. 13.—Mr. and  
Mrs. Edward Tindall, Miss Flo-  
rence Lashmet, and Miss Margaret  
Finney of Bluffs were visitors  
here Monday evening.

Dr. J. M. Riggs of Omaha, Neb.,  
is visiting his parents, Hon. J. M.  
Riggs and wife.

Miss Fannie Jackson left Sat-  
urday afternoon for St. Louis  
where she will take a position  
which is awaiting her there.

Dr. George Brengle returned  
Monday morning from a pleasant  
visit with his daughter in Chi-  
cago.

Moss Brothers Carnival Com-  
pany is attracting many to Win-  
chester this week.

Miss Anna Munze returned Sun-  
day from a delightful trip in  
Cleveland, Ohio, Pittsburg, Pa.,  
and New Haven, Conn. Coming  
home, she was on the ill-fated  
train which was wrecked between  
Farmington and Mason City. The  
engineer and fireman were both  
killed. Miss Munze was unin-  
jured.

Mr. and Mrs. Charles Fitzsim-  
mons and little daughter of Bluffs  
were visitors here Monday.

RETURN FROM CARROLLTON  
Mr. and Mrs. Crouch of Finley  
avenue, have returned from a  
visit from their daughter, Mrs. U.  
W. Wright of Carrollton, Ill.

This is the  
Stove Polish  
YOU  
Should Use

It's different from  
others because more care  
is taken in the making  
and the materials used are of  
higher grade.

Black Silk  
Stove Polish

Makes a brilliant, silky polish that does  
not rub off or dust off, and the shiniest  
four times as long as ordinary stove  
polish. Used on sample stoves and sold  
by hardware and grocery dealers.  
All we ask is trial. Use Black Silk stove  
polish on your stove or your gas range. If you  
like the result, we will refund your money.  
If not, we will refund your money.  
Made in U.S.A. of purest materials.

Black Silk Stove Polish Works  
Sterling, Illinois

Use Black Silk Air-Drying Iron Oxide on  
grates, radiators, stove-pipes, fireplaces, etc.  
The Black Silk Metal Polish for silver, nickel  
or brass. It has no equal for such articles.

## PUT AMERICA ON THE MAP 427 YEARS AGO

Yesterday Was Anniversary of  
the Great Discovery by Christo-  
foro Colombo—Banks in City  
Closed in Honor of Occasion—  
What it Means.

The Jacksonville banks were  
closed all day yesterday in observ-  
ance of Columbus day, its occur-  
ence on Sunday this year failing  
to influence the bankers to dis-  
pense with recognizing the hol-  
iday.

Christopher Columbus was a  
man of triumphs and sorrows.  
He discovered America, but it took  
him 18 years to get started, and  
even now historians have twist-  
ed his name—Christoforo Colom-  
bo—all out of shape while the  
land he found was named  
after a chap who wrote a book  
about it years later, and demon-  
strated the power of advertising.  
This was Amerigo Vesputi. Be-  
sides history writers can't even  
agree on the date of Columbus's  
birth. They differ from 1430 to  
1456.

This is the anniversary of the  
date 425 years ago when the  
sharp eyes of a sailor on the Pinta  
sighted land and the ship's gun  
notified the Santa Maria and the  
Nina. That sailor was Rodrigo  
de Triana.

Eric Red, Down  
Eric the Red, a Norseman, is  
said to have found America in  
the eleventh century but he was  
too slow to realize on his discovery  
and made no record of it.

Previous to the time of Columbus  
the tribes of Israel are said to  
have arrived from the other di-  
rection and dwelled in the land of  
sunshine and oranges. The In-  
dians have been here ever since  
Darwin's missing link got loose  
some time prior.

Columbus was the son of a  
Genoa weaver. He married the  
daughter of a navigator and fell  
heir to her father's books and  
charts.

Columbus was a "nut"  
who was fool enough to believe  
that the world was round. Ev-  
erybody knew it was crooked, ev-  
en then. He believed that he  
could cut down the high cost of  
spices by taking a short cut to  
India and after he had talked  
about it for eighteen years

he got Queen Isabella to fall for  
his scheme. She furnished the  
funds and three small caravels  
and Columbus sailed Aug. 3,

1492. Twenty-one days out the  
sailors wanted to throw him over-  
board but they changed their  
minds.

The West Indies got their name  
from the mission of Columbus,  
who after he had kissed the soil  
of San Salvador, planted the  
standard of Spain. It remained  
there until the Spaniards of a lat-  
ter day started something in 1898  
and it was weeded out.

Columbus was a child of vicis-  
situdes. He alternated between  
discoveries, handicuffs and home-  
coming celebrations, but today  
his memory is revered and the  
anniversary of his arrival in 1492  
is celebrated.

A GREAT WOMAN GONE

The following extract from a  
recent issue of the Delaware  
Ohio Gazette will be of interest  
in this city, where Mrs. McCabe  
was connected, by marriage, with  
two well known families. Not-  
withstanding her age, Mrs. Mc-  
Cabe was bright and attractive in  
appearance to the last, and it  
was a privilege to have known  
her.

Mrs. Harriet Calista McCabe, a  
nationally-known figure in church  
work and women's activities, was  
summoned by death at her home,  
on South Liberty street, at 7:30  
Thursday morning. She passed  
away quietly, with her wonderful  
memory unimpaired to the end.

Foremost among the accom-  
plishments of this gifted woman,  
who was in her 94d year, was  
the organization of the Women's  
Christian Temperance Union. She  
not only organized but named and  
wrote the first constitution of this  
great society.

She was one of the founders of  
the Women's Home Missionary  
Society of the Methodist Episco-  
pal church and took an active  
part in the organization of the  
Women's Foreign Missionary So-  
ciety. For 25 years, she served  
as editor of the monthly publica-  
tion of the Home Missionary So-  
ciety.

Mrs. McCabe was the widow of  
Dr. L. D. McCabe of the Ohio  
Wesleyan University. Two sons,  
Rev. J. J. McCabe of Delaware,  
and Mr. R. L. McCabe of Colum-  
bus, and one daughter, Mrs. A.  
M. Courtenay of Westville, sur-  
vive.

Funeral services will be held  
Saturday afternoon at 2 o'clock at  
the William Street M. E. church  
with Rev. A. G. Schatzman in  
charge.

Although lacking the advan-  
tages of a continuous school un-  
der competent instructors, Mrs.  
McCabe became a proficient school-  
ar, especially in French and art.  
She possessed highly developed  
executive powers, painted with  
skill and was an enthusiastic bot-  
anist.

She was one of the pioneers in  
the movement which gave women  
places of prominence in philan-  
thropies and other activities  
from which they had been practi-  
cally barred, and was one of the  
first to dedicate her talents to  
work in local charity.

Her great capacity for work of  
an uplifting nature and her re-  
markable executive ability are  
shown in the fact that, during  
the time she acted as editor of the  
missionary society's monthly ubli-  
cation, she also had charge of  
the Bureau of Indian Missions,  
which under her supervision, es-  
tablished missions among the  
tribes of the Southwest as well  
as the Yakimas in the state of  
Washington. With the assistance  
of the late Dr. Sheldon Jackson,  
she carried on a notable work for  
the education and comfort of the  
natives of the Aleutian Islands.

Born in New York  
From her fertile mind grew  
some of the most effective insti-  
tutions of the missionary societies  
of the Methodist church. She  
was one of the first to advocate  
giving as a means of obtaining  
funds for the work of these in-  
stitutions. While a strict adher-  
ent to the principles of the Meth-

odist church, Mrs. McCabe's cath-  
olic nature gave her keen appre-  
ciation and admiration for prin-  
ciples of other creeds.

Mrs. McCabe was born in Sid-  
ney, New York, January 19, 1827.  
Her family name was Clark. Her  
father's family was one of schol-  
arly instincts and these qualities  
were soon developed in the  
daughter. At the age of only 23,  
she was placed at the head of the  
Dickinson Seminary at Williams-  
port, Pa. Here she remained as  
an instructor until she became  
the wife of Dr. McCabe. Although  
she retired from active work sev-  
eral years ago, she continued up  
to the time of her death her  
deep interest in the many insti-  
tutions and organizations which  
she had organized or had assisted  
in organizing.

In her death, which was due to  
weakness of the heart, Delaware  
loses one of its most distin-  
guished citizens and the church  
world is deprived of one of its  
most earnest and willing workers.

Grundy Center, Iowa, who has  
been visiting her children in Jack-  
sonville for the past two months,  
has returned to her home. She is  
accompanied by Miss Saiby De-  
vore.

## THOUSANDS WITNESS PARK FLIGHTS SUNDAY

Sixteen Local People Enjoy Thrills  
of Airplane Ride During After-  
noon—Five Others Go Up  
Monday—Aviators Prohibited  
from Landing at Nichols Park  
Monday.

During the last few days quite  
a number of Jacksonville residents  
have enjoyed the thrills of a real  
airplane flight over the city. The  
aviators who arrived here Satur-  
day noon secured permission from  
Mayor Crabtree and from the  
president of the park board, S. W.  
Nichols, whereby they might use  
Nichols park as a landing field.

Sunday afternoon thousands of  
people went to the park and en-  
joyed seeing the flights made by  
the visiting airmen. During the  
day Sunday sixteen passengers  
were carried safely on trips over  
Jacksonville and vicinity. The  
pilot, F. W. Niedemeyer, is a skill-  
ful aviator and negotiated all his  
flights and his landings in a man-  
ner that instilled confidence of his  
ability into the sightseers. Many  
of them seeing the ease with  
which the young man handled his  
ship and the safety were anxious  
to make flights with him. After  
the first few trips he had little  
difficulty in securing passengers.

Monday afternoon five more  
passengers made flights with  
Niedemeyer. Some time during  
the afternoon tho. Chief of Police  
Kiloran went to the park and no-  
tified the aviator that he had  
been instructed by members of  
the park board to prohibit him  
from landing on the Nichols park  
grounds. No reason was given at  
the time, but it is understood that  
the birdman's activities at the  
park was interfering with the  
pleasures of the golf players.

The average height to which  
passengers were taken Sunday  
was about 1,500 feet and they en-  
joyed a ride of about twelve  
miles. The machine is a Cana-  
dian-Curtiss and is the property of  
the Carrollton Aero club of Car-  
rollton, Mo. They will continue  
to take citizens up on flights to-  
day, having secured the South  
Side Driving park site as a land-  
ing field.

Among those who have made  
flights during the last few days  
are: William Ehnle, Jr., E. T.  
Erixon, G. O. Wilhoit, Edward  
Duncan, Marguerite Corrington,  
Edgar E. Crabtree, Mrs. E. C.  
Ransdell, Farrell Crabtree, James  
Harnes, Charles J. Ator, Harold  
Platner, Orval Correa, Harold  
Cunningham, E. Flood, Howard  
Zahn, Helen Strandberg, H. K.  
Snyder and Helen Morris.

The young men expect to leave  
this afternoon between three and  
five o'clock for Jerseyville.

A GREAT WOMAN GONE

The following extract from a  
recent issue of the Delaware  
Ohio Gazette will be of interest  
in this city, where Mrs. McCabe  
was connected, by marriage, with  
two well known families. Not-  
withstanding her age, Mrs. Mc-  
Cabe was bright and attractive in  
appearance to the last, and it  
was a privilege to have known  
her.

Mrs. Harriet Calista McCabe, a  
nationally-known figure in church  
work and women's activities, was  
summoned by death at her home,  
on South Liberty street, at 7:30  
Thursday morning. She passed  
away quietly, with her wonderful  
memory unimpaired to the end.

Foremost among the accom-  
plishments of this gifted woman,  
who was in her 94d year, was  
the organization of the Women's  
Christian Temperance Union. She  
not only organized but named and  
wrote the first constitution of this  
great society.

She was one of the founders of  
the Women's Home Missionary  
Society of the Methodist Episco-  
pal church and took an active  
part in the organization of the  
Women's Foreign Missionary So-  
ciety. For 25 years, she served  
as editor of the monthly publica-  
tion of the Home Missionary So-  
ciety.

Mrs. McCabe was the widow of  
Dr. L. D. McCabe of the Ohio  
Wesleyan University. Two sons,  
Rev. J. J. McCabe of Delaware,  
and Mr. R. L. McCabe of Colum-  
bus, and one daughter, Mrs. A.  
M. Courtenay of Westville, sur-  
vive.

Funeral services will be held  
Saturday afternoon at 2 o'clock at  
the William Street M. E. church  
with Rev. A. G. Schatzman in  
charge.

Although lacking the advan-  
tages of a continuous school un-  
der competent instructors, Mrs.  
McCabe became a proficient school-  
ar, especially in French and art.  
She possessed highly developed  
executive powers, painted with  
skill and was an enthusiastic bot-  
anist.

She was one of the pioneers in  
the movement which gave women  
places of prominence in philan-  
thropies and other activities  
from which they had been practi-  
cally barred, and was one of the  
first to dedicate her talents to  
work in local charity.

Her great capacity for work of  
an uplifting nature and her re-  
markable executive ability are  
shown in the fact that, during  
the time she acted as editor of the  
missionary society's monthly ubli-  
cation, she also had charge of  
the Bureau of Indian Missions,  
which under her supervision, es-  
tablished missions among the  
tribes of the Southwest as well  
as the Yakimas in the state of  
Washington. With the assistance  
of the late Dr. Sheldon Jackson,  
she carried on a notable work for  
the education and comfort of the  
natives of the Aleutian Islands.

Born in New York  
From her fertile mind grew  
some of the most effective insti-  
tutions of the missionary societies  
of the Methodist church. She  
was one of the first to advocate  
giving as a means of obtaining  
funds for the work of these in-  
stitutions. While a strict adher-  
ent to the principles of the Meth-

## "They Sure Go Fast"

So said a man to us recently, who got in just  
too late to get a car from our last consign-  
ment. It was a Chevrolet that he wanted.  
Well, we've just got in another lot of Chevro-  
let "490" Touring Cars, and they'll "go fast"  
too, so get your order in quick. We expect to  
have in another load of Buicks this week. Do  
not forget that this is the place to come for  
everything and anything needed about an  
automobile.

are bought with great care and attention. Our intimate study of the footwear requirements of this community puts us in a position to supply your footwear wants intelligently and with satisfaction.

Buy our good footwear and get the best. Our early buying in quantities is to your interest as we are able to save you money on present day footwear values.

Our large assortment of carefully selected styles insure you good footwear, priced moderately.

## Trot Moc Shoes for Children

We call your attention to these good shoes for children. We know by experience that they give the very best of satisfaction, are comfortable and wear well. They cost more, but they give the additional wear.

## NEW POLLING DISTRICTS ANNOUNCED FOR CITY

Jacksonville Now Has Eighteen Polling Places—List of Judges Issued by Board of Commissioners.

Six districts have been added to the number of Jacksonville's polling places, making eighteen such places for the city. Because of the change in the residence of voters and the increase in the number of voters in recent years, the county commissioners have made important changes which will be effective for the election of November 4th. New districts have been added in the city as well as in the county.

With the announcement of the addition of the new districts, the board, issued a list of election judges.

The list of judges is given here-with:

Alexander—C. Beerup, Luther Wiley, Michael Wiegand.  
Arcadia—H. W. Dinwiddie, M. C. Thompson, Douglas Turley.  
Centerville—Albert Gray, L. P. Fisher, Rufus Mansfield.  
Chapin No. 1—Jean Funk, F. E. Blair, Alfred Anderson.  
Chapin No. 2—Lew Brockhouse, Jacob Hoover, Charles Tomlinson.

Concord—H. H. Hansmeier, J. C. Pfeil, Glen Yeck.  
Franklin No. 1—Homer VanWinkle, George Calhoun, F. S. Seymour.

Franklin No. 2—Carl Austin, Dennis Whalen and Kenneth Woods.

Iderberry—W. H. Crum, Orville Petefish, W. W. Young.

Lynnville—Fred J. Schofield, C. A. Ranson, O. C. Coultas.

Markham—Fred Ranson, Al. Thomason, M. E. Cleary.

Meredosia No. 1—William Roeger, Frank Weber, J. D. McLain.

Meredosia No. 2—C. H. Hyde, Hardy Kennett, Frank Berger.

Murrayville No. 1—Albert Riggs, T. P. Langdon, William McCurley.

Murrayville No. 2—J. H. Spencer, Hugh Million, Norman Carlson.

Nortonville—W. T. Henry, S. E. Bull, Mr. Pond.

Pisgah—George Beckman, Earl Hembrough, S. J. Camm.

Prentice—John Henderson, W. P. Newell, William Mau.

Sinclair—J. W. Wilson, Lester Hart, J. L. Stewart.

Waverly No. 1—Fred Dennis, O. C. Rohrer, J. B. Lombard.

Waverly No. 2—Charles Mader, H. I. DeTurk, Charles Crane.

Waverly No. 3—G. B. Goldsmith, F. E. Deatherage, Fred Burnett.

Woodson—John Henry, W. B. Butler, Thomas O'Connell.

District No. 1—Tory Fernades, J. H. Laurie, Charles Schirz.

District No. 2—A. J. Runkle, George Sousa, John Shields.

District No. 3—E. M. Vasconcellos, Chas. Blesse, James Westrope.

District No. 4—A. W. Becker, P. J. Meanvy, Richard Ogle.

District No. 5—J. A. Crum, Roy Craig, Richard Murgatroyd.

District No. 6—H. H. Challiner, W. G. Hadden, D. Carl Martin.

District No. 7—Richard Dye, R. K. DeFraties, Samuel Ragon.

District No. 8—John DeFraties, John Green, Lee Cooney.

District No. 9—G. W. Patterson, John Sheppard, Gus Waltman.

District No. 10—George Busey, Thomas Packard, Joseph Kumble.

District No. 11—Fred Sibert, A. H. Kenniebrew, Daniel Bahan, Sr.

District No. 12—Clifton Corington, Charles Starks, W. H. Dalton.

District No. 13—F. J. Heint, D. J. McCarty, Jessie Jackson.

District No. 14—O. B. Heint, Frank Mawson, H. Shannahan.

District No. 15—W. T. Scott, Earl Lukeman, Hembrough.

District No. 16—Burl May, Jerome Cully, C. O. Bayha.

District No. 17—John W. Cathwood, John Easley, Michael Carroll.

District No. 18—T. H. Rapp, John Leggett, R. S. McCullough.

## A VERY PECULIAR COINCIDENCE

About 1 o'clock this morning a traveler from Texas came into the city in a Ford car that looked everything but in good running order. He stopped on the south side of the square and inquired of Joseph Estaque where he could find the Ford Garage. Mr. Estaque told him that he would find it down West State street, and also remarked that from the appearance of his car he had been in a wreck. Yes, replied the stranger, the train hit me at the crossing down below Woodson and I am looking for the best garage in town to fix me up.

He went to the above named address, and asked the foreman about how long it would take him to fix him up. The foreman told him that it would depend altogether on what he had to do. The stranger stated that THERE WAS NOT MUCH THE MATTER—the rear axle was broke, the top torn off, three casings and one wheel were gone, the steering gear was bent double, the gasoline tank was gone, the radiator was missing, the oil was gone from the crank case, front fenders were gone, and the windshield was all broken and had fallen back into the car. The foreman told him that if that was all that was the matter that he would have him fixed up and ready to go in an hour and twenty minutes, and if he had any shopping to do that he could attend to it and his car would be ready in that time.

The stranger remarked that he had nothing to do except have his bridge repaired—that he had broken his false teeth in the wreck—and if he could tell him where he could find a good dentist he would have that done while he was getting his car ready. Whereupon Dr. A. B. Applebee drove into the garage and the foreman directed him to the doctor, who told him to come with him to the office and he would fix him up in less time than it took to tell it. He went, and after the doctor had finished the job informed him that they were better than they had ever been, and that he could eat anything no matter how hard being anxious to try the doctor out as to truth and veracity he commenced by picking up the broken pieces of windshield and chewing the glass as easily as if it were some of the soda crackers that he had found on the way. However, he did not keep the process up very long until he complained of a having a PANE inside, whereupon he became alarmed over his condition and asked for a doctor. He said he wanted the best doctor in town, or all of them if necessary.

Dr. Bowe being the nearest, was summoned, and after examining the patient, told him that he was in a very serious condition and that he would like to have another doctor, and that an operation would be necessary. The stranger told him to do what he thought best, and to call some doctor that drove a Ford, for all the BEST doctors drove Fords.

Deacon Harmon, the porter of the garage, became excited, and on going to the Tel-Phone called Dr. Pitner, Dr. Garm Norbury, Dr. Weltman, Dr. Wolf, Dr. Duncan and Dr. Staff, each of whom, being an owner of a Ford car, arrived on the scene at about the same time, and after hearing the statement of Dr. Bowe decided that an operation was the only thing to be done; whereupon they proceeded with the operation.

After taking quite a quantity of glass from the stomach of the stranger, he rallied and in the course of a little while was ready to travel, and paid for the operation, which he said was very reasonable.

The foreman of the garage informed him that his car was ready, and the charges for new parts, labor, etc. were two dollars and ninety-eight cents. He complained somewhat, saying the charges were a little TOO HIGH for a little job like that. But he paid the price, and then asked if anyone could tell him where he could get a air of gloves.

He was directed to a store on the square where gloves were sold, and on attempting to park his car at the curb a man rushed up and informed him that he was a traffic officer, and that he could not park his car there. The stranger told him that he did not expect to leave his car there any longer than it would take to buy a pair of gloves. He was permitted to buy the gloves, and on attempting to drive away the officer again stopped him and asked where his tail light was. The stranger informed him that he guessed that it must have been torn off in the wreck. Whereupon the traffic man informed him that ignorance of the law excused no one and that he would have to go down to the city hall and pay a fine. The stranger went, and not having the ready money, gave a check on Farrell's bank for \$5.00 and costs. On being asked if he had any money in the bank, he replied, "I don't know whether I have or not; but you present the check at the bank and if Mayor Crabtree is there I know he will pay it—I heard that he is a reasonable man." The check was presented at the bank and was promptly paid.

Whereupon the stranger drove to the Standard Oil Service Station, where he had his car filled with Red Crown Gasoline at 22.7 cents per gallon. After putting a five-gallon can of Eureka Motor Oil in his car to have in case of an emergency, he inquired why it was that he could buy gasoline at 22.7 cents here when every other place in town was asking from 25 to 35 cents. He was told the reason why, and just then I was awakened to find it was only a DREAM.

C. N. PRIEST,  
The Ford Man.

## COUNCIL PREPARES FOR MORE WATER MAINS

Pipe to Be Laid on Streets Where Desired—Catch Basins to Be Cleaned and Other Necessary Work Done.

The city council Monday night at the regular session referred a petition from the residents of Dunlap street for a water main to the public engineer for further information. The council also at the suggestion of Alderman Chapin requested the engineer to furnish facts about all streets where water mains are likely to be desired, so that the data may be before the council for information. It was thus indicated that the council desires to lay water mains on all streets where property owners want such improvement.

**Needed Work to Be Done.**  
The roll call showed Alderman Graft and Alderman Ehnle absent.

Alderman Moore was given authority to purchase a gas mask needed at the fire department and the third ward alderman called attention to some greatly needed repair work at the city hall building. This led to discussion about work actually needed. It was the consensus of opinion that catch basins should be cleaned, a few crossings put in and repairs that are absolutely necessary be made at the city hall. The public improvement committee of which Alderman McGinnis is chairman, was asked to make an investigation about the building repairs. The ordinances for sidewalks on Webster and Allen avenues were given a second reading and adopted.

City Clerk Pratt presented a resolution for the destruction of ballots cast in the election of the spring of 1919. Alderman Moore and Alderman Flynn were appointed to witness the burning of these ballots.

Supt. of Streets White was authorized to proceed with some grading work on Woodland Place at a point where the street has been in an almost impassable condition.

The returns of the last election were canvassed and the results found to be as already published.

A resolution with reference to the recent election was introduced by Alderman Moore on motion of Alderman Chapin, with a second by Alderman Cain, it was adopted and made a matter of record. The resolution reads as follows:

**People Congratulated.**  
Resolved, that the city council of the City of Jacksonville congratulates the people of this city on the result of the bond election of Tuesday, Oct. 7. The city council believes that citizens acted wisely and well in giving their approval of almost unanimous approval of the plan, which will mean a greater and better Jacksonville.

Members of the council are keenly alive to the increased responsibility which has come about thru the action of the people at the polls, and we pledge ourselves anew in all our official acts to keep constantly in mind the thought, "Everything for the good of Jacksonville." This council will no doubt make mistakes, but our constant effort will be to efficiently serve the people.

It should not be forgotten that we have only started on our program of "Forward march" for Jacksonville, and that many unsolved problems face this city. Its citizens and its officials. It is only by continued union of effort that worth while things can be accomplished and so we seek your continued daily support and advice.

We appreciate the hearty cooperation, the support and advice given us by the citizens committee in preparing for the bond election. We shall expect this committee to continue its services and to co-operate in carrying out the will of the people as indicated at the election.

## At Death's Door

"I was talking with my neighbor, Mr. Webb, the other day, regarding the great trouble his stomach had given him. He said he suffered 7 or 8 years, and had been almost at death's door a number of times from acute indigestion and bloating of gas, which seemed to shut off his heart action. He said he wouldn't have lived much longer if he hadn't taken Mayr's Wonderful Remedy when he did, which made a well man of him." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

### "Gets-It" Peels Off Corns Painlessly

Off They Come Like Banana Skin, 2 or 3 Drops, That's All.

There's a murderous, painful way to get rid of corns, and then there is the peaceful, glorious "peel-it-off" "Gets-It" way. After you have tried "Gets-It" you will say "never

Cut it? Quit it! "Gets-It" Peels It!" again! to all other methods. This is because "Gets-It" is the only corn-remover on earth that makes corns peel off just like a banana skin. Two or three drops will do the work, without fusing or trouble. You apply it in 2 or 3 seconds. It dries immediately. "Gets-It" does the rest, without bandages, plasters, blood-bringing knives or razors. Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It". It never fails. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfgd by E. Lawrence & Co., Chicago, Ill. ARMSTRONG'S DRUG STORES.

### LOWDEN BOOM SPREADS FAST WITHIN G. O. P.

Governor Races With General Wood For 1920 Honors.

(By Arthur Sears Henning—Chicago Tribune)  
Washington, D. C., Oct. 11.—Political developments of the last fortnight have placed Gov. Lowden of Illinois undeniably in the forefront of the little group of Republicans listed as "presidential possibilities."

Although the governor has no organization, no campaign manager, no press agent, and does not confess himself an aspirant to the presidency, the Lowden boom has spread beyond the confines of the middle west and begun to attract the attention of Republicans from coast to coast.

Wood Boom at Standstill.  
There was a time when there appeared to be more sentiment among Republicans in favor of the nomination of Gen. Leonard Wood than any other man considered a possible candidate. That cannot be said of the situation today. If one may judge of the attitude of Republican leaders here, and of the reports they are receiving from various parts of the country, there is as much Lowden sentiment as there is Wood sentiment on tap now, if not more.

The fact is, that the Wood boom appears to have come to a standstill. It developed to a certain stage and there it stuck. It is not getting anywhere, despite the valiant efforts of John T. King, Republican national committeeman for Connecticut, who is reputed to be the chief legatee of Theodore Roosevelt's political interests. There is a feeling among unprejudiced political observers that Gen. Wood cannot be nominated.

Won't Nominate Soldier.  
He is a staunch Republican of virile personality and progressive views, who has demonstrated his ability not only as a military man, but as a civil administrator. He is exploiting the views of public questions that made Theodore Roosevelt the most popular American of his time, and his friends never tire of draping the Roose-

volt mantle upon his military shoulders. Yet, with all these eminent qualifications, Gen. Wood, in the opinion of Republican leaders of established wisdom in these matters, is not likely to receive the nomination—simply, they opine, because he is a military man and the signs of the times indicate that the people are not hankering for a military man in the White house.

Established Budget System.  
Hence, it is contended, no party would be so foolhardy as to nominate an army officer, even if he were a Lincoln in khaki. The very circumstances deemed detrimental to the chances of Wood are proving favorable to the prospects of Lowden. The attention of the nation is being centered upon economic issues, such as the cost of living, budget reform, and the relations of capital and labor. Lowden has won a national reputation as an administrator who established Illinois finances on a sound basis through a budget system that the national government now contemplates adopting.

The radical elements of organized labor are bent upon socializing industry and even the government. Their confessed aim is to capture the Democratic convention, and they have been encouraged to regard this within the range of possibility by President Wilson's utterances favoring radical theories, utterances that caused his friend and admirer, George W. Herron, to laud the president as a "super-Socialist."

Lowden Qualifies.  
These radicals entertain no hope of capturing the Republican convention, and the greater their success in winning Democratic support the more conservative becomes the attitude of the Republicans. The more the radicals are encouraged by the utterances of such members of the Democratic administration as Louis F. Post, the more alarmed wax the property owning classes, the stronger Republican conservatism becomes and the louder grows the demand for the nomination of a man who can be relied upon to deal fearlessly with bolshevistic movements and sanely with economic problems.

Lowden qualifies as a man of this character, and there is a pretty general conviction among Republican leaders here that it is the trend of economic issues in America today that is bringing Lowden so conspicuously to the fore.

Indications are not wanting that the Republicans are going to face the new issues squarely. Not the least significant is a statement by the Republican publicity association on the recent demands of the radical element of organized labor, which follows in part:

"The right of labor to organize for the promotion of its interests and particularly for the purpose of collective bargaining has become fairly well established in the United States, not only with the support of public opinion, but with the inferential sanction of law through the exemption of labor organizations from the prohibitive provisions of the anti-trust act. The right of collective bargaining is of vital importance to labor, for only by that method can labor hope to obtain from employers the share of the results of production to which they are justly entitled.

Aid National Welfare.  
"Large organizations of labor have their advantages to the nation, just as large organizations of capital aid in promoting the national welfare. It is not the use, but the abuse of power acquired by organization that constitutes a menace to public welfare. There was a period in economic discussion when bad business was considered almost synonymous with bad business, but that period is past.

"The advantages of large aggregations of capital in the operation of industry on such an extensive scale as to reduce costs of operation, are now universally recognized. But there is also full appreciation of the dangers incident to such consolidation of financial power, and laws designed to establish necessary control have been enacted and are still in process of perfection.

"By abuse of their power of consolidation, men in control of capital have brought upon themselves many legal restrictions irksome to them and in some instances, perhaps, discouraging to initiative and enterprise. The sins of a few necessitated laws limiting the liberties of all.

"The same experience has attended organization of labor. In 1916, collective bargaining gave place to collective dictatorship when the four railroad brotherhoods went before congress not with a proposition upon which minds might meet, but with an ultimatum to which congress must yield or the industries of the nation be paralyzed at a critical stage of our national history. Apparently encouraged by the success of that venture, the railroad unions recently submitted another ultimatum, confident that they would once more win without contest in their arbitrary demand for increase in wages. Their proposal was not for collective bargaining—it was a demand on one side for unconditional surrender on the other.

#### All Labor Suffers.

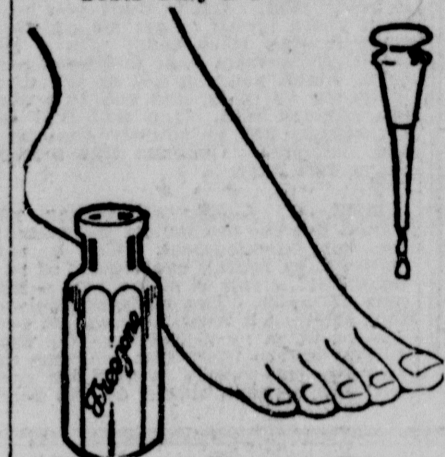

"It is unfortunate that organized labor as a whole must in some measure suffer for the unwise and unconscionable acts of a few unions which promote their own interests with minor regard for the general welfare, just as many aggregations of capital have in the past considered only their own temporary interests with little consideration for the rights of the rest of the American people. The outcome so far as organized labor is concerned may be clearly foreseen. The general welfare must be protected by law against the unjust encroachments of organized labor in no less degree than the encroachments of orga-

nized capital. The outlaw, whether individual or collective, whether on the plains of the far west or in the jungles of the city, whether on the high seas or in the office of the bank cashier, whether in the council of a labor union or in the factory of a large employer—forces the government to enact restrictive and penalizing laws which, unfortunately, must sometimes be burdensome to those who are operating in an entirely legitimate manner.

"When organized labor finds some of its present liberties curtailed it can very properly place the blame upon those who have deliberately chosen to ignore the rights of the public in the effort to secure special privileges for themselves."

### LIFT OFF CORNS!

Doesn't Hurt a Bit and "Freezone" Costs Only a Few Cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

"A tiny bottle of 'Freezone' costs little at any drug store; apply a few drops upon the corn or callus instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

## Beauty Answers

By MADAME MAEZE

**DIMPLES G.**—Your complexion is not merely in the very outer skin. It is deeper than that. It is in the immediately underlying the outer layer. Complexion cream, which merely affects the outer layer as a rule very infrequently. A method gaining wide use because of its tremendous success lies in the use of zintone, a powder which is simply mixed at home with a little glycerine and dissolved in water. This makes an exquisite cream. The zintone can be secured at any drug store in one-ounce packages for 50 cents. This is also a very economical method. By liberal use of this article, a tremendous difference in the complexion is noted in a few days by the disappearance of muddiness, sallowness, red spots, freckles and other blemishes.

**MRS. G. F. O. C.**—Yes, you can easily remove blackheads in a few moments, even while you are engaged in your toilet. And to think you have been years trying to get rid of these embarrassing blackheads! On a hot wet cloth sprinkle some powdered zintone, which you can get at the drug store for 50 cents, and rub this over the affected skin. You will find the blackheads will be entirely gone in a few moments. Continue this method every few days.

**MRS. C. A.**—By all means you should not use mechanical instruments for bust development. Use a safe formula, by mixing two ounces of ruetone, half a cup of sugar and a half pint of water. Two tablespoonsful of this after each meal, and one at bedtime, will in most instances do wonderful work. Of course, no one can promise sure results in any case, but this formula should do the work.

## WANT RESERVATIONS IN LEAGUE COVENANT

White Hall Post of American Legion Goes on Record as Favoring Reservations in League of Nations Covenant—Ministers Hall News Notes.

White Hall, Oct. 13.—White Hall Post No. 70, American Legion, is on record for reservations to the proposed covenant of a league of nations. This action was taken Sunday afternoon at a meeting held in the Princess theater, at which Capt. Dean Corsa was elected delegate to the state convention at Peoria on Friday and Saturday of this week, and he was instructed that in the event of the league of nations issue coming before the convention, he is to vote for reservations. The action was taken on the recommendation of Chairman Lynn C. Smith, who took the position that inasmuch as the issue had come up strongly in the local pulpits, it may be regarded as a non-political matter, and that it is well for the American Legion to show its stand. The instructions to Delegate Corsa followed without debate. He was also instructed to vote against monetary compensation from the federal government as in no way measuring the value of the soldier to the country and also for universal military training. This action has nothing to do with the bonus propositions by state governments. The post endorsed the plan of scholarships for schools and universities for ex-soldiers. One disabled soldier, Dean Raines, is already attending Brown's Business college at Jacksonville through the efforts of the officers of the post in securing him a scholarship and a grant of \$85 per month while attending. Resolutions were adopted against the leniency of the government in dealing with slack-

## A JACKSONVILLE MAN'S EXPERIENCE

Can you doubt the evidence of this Jacksonville citizen? You can verify Jacksonville indorsement. Read this: Amos May, prop. barber shop, N. Main St., says: "I suffered a lot with kidney trouble and at times my back pained terribly. It was all I could do to get through shaving my customers. The trouble seemed to affect my heart and caused shortness of breath. I felt tired-out and someone suggested Dean's Kidney Pills. They weren't long in bringing relief and after I had taken three boxes I was feeling well and I haven't been troubled since." Price 60c. at all dealers. Don't simply ask for a kidney remedy, get Dean's Kidney Pills—the same that Mr. May had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

ers and conscientious objectors, and Delegate Corsa was instructed to press the resolution before the state convention for action, copies of the resolution being also sent to Senators McCormick and Sherman and to Congressman Rainey. The post recommended that permanent state headquarters be established at Springfield and national headquarters at Chicago. C. F. Wenken, Francis Piper and Clyde E. King were named a committee on arrangements for the banquet and other observances in connection with the election of permanent officer on Armistice day, November 11th.

**Twenty-One Years a Soldier.** Lieut. Frederick C. Smith went to Alton today to consult with recruiting officers regarding re-enlisting. Lieut. Smith recently returned with an honorable discharge after serving twenty-one years in the army. He says that it is not lure of army life that causes him to consider re-enlisting, but the fact that he will be entitled to a pension of fifty dollars per month at the end of ten years is the one impelling cause. He was in Jacksonville last week on the same mission, and it is firmly believed that his Alton visit will result in his final determination on remaining in civil life and the starting of building operations on his splendid lots fronting Main street in the Morrow Main street addition. He first served in the infantry as a private, and then transferred to the coast artillery, where he remained during the greater period of his service. He was then in the signal corps for a while before being assigned to the quartermaster corps during the world war, during most of which time he had charge of the fire alarm system at Newport News with the rank of second lieutenant, he being an electrician.

Journalist Howard Hailey Recovering.

Howard Hailey, formerly of White Hall and son of Rev. W. M. Hailey, editor of the Barry Record, has been at Colorado Springs since last May with a lung affection from which he has almost completely recovered. The affection was discovered while he was in Montenegro last May, and he was sent back in plenty of time to effect a cure. In a letter he writes:

"The past two years have been very interesting ones for me, and I wouldn't have missed them for anything, even if I did develop a few 'bugs' in the course of my duties in the Balkans. Really, tho, I am very lucky, for my condition was discovered by accident and caught in the incipient stage. I was in bed only three weeks after I came here, and last week I decided to graduate myself from the sanitarium, and now am living in the city and enjoying life a little more. I walk four miles a day now, and eat like a harvest hand. Have gained fifteen pounds since I came out here, and really you know I'm getting so fat and lazy I doubt very much if I'll ever relish work again."

"I suppose Herbert Foreman is home by now. I saw him in Paris just the day before I left, and he was rather expecting his orders then. We became quite good friends over there, and used to see each other quite often. I was in Paris, and Herbert would look me up every time he came to town. Was rather funny the way we got acquainted, too. Perhaps he has told you how I overheard him talking about St. Louis one night in the Y. M. C. A. hotel, and asked him if he lived there, and he told me no, but he used to live in White Hall. I offered the information that I had been guilty of the same offense. After the introductions were over, I realized that his face looked familiar, although I had never known him personally while I was in White Hall, because he was away nearly all the time."

"Seems a shame that I wasn't born with a silver spoon in my mouth. At least I ought to be an millionaire, for there seems to be so many of them out here with nothing in the world to do but spend their income."

Hailey enlisted in the early spring of 1917, before the United States entered the war, and served in an ammunition train with the French army. He afterward

worked in the American aviation bureau in Paris in a responsible position until about February, 1919. Then he went to Montenegro in the interest of the Red Cross, where he had charge of the distribution of supplies until last May, when the condition of his health caused his retirement.

Ministers Talk on League Covenant.

Local sentiment on the league of nations issue is beginning to crystallize following a sermon from the Presbyterian pulpit a week ago in favor of the covenant without reservations. That sermon was delivered by Rev. A. F. Ewert, and it was given publication in the local Democratic newspaper, and in the sermon were quoted twenty reasons by a former Methodist pastor, Dr. Frank Crane, now of New York City why the past should be adopted without reservation.

Today Chairman Lynn C. Smith of the White Hall post of the American Legion, the first post to be chartered in this section of the country, gave out the action taken at a meeting Sunday evening showing that the White Hall post goes on record for reservations in instructing its delegate to the state convention at Peoria this week. Capt. Dan Corsa, to vote for reservations in the event that the subject comes up at Peoria.

Evidence that the local pulpit is not unanimous against reservations, as league propagandists (Continued on Page Ten.)

### FARM PROPERTY

Back on the job after a month's vacation, I've spent the time in investigating land values and crop conditions in Missouri, Kansas and Oklahoma. I feel it is due my patrons to have the best to offer as affected but little. Consequently there are a few spots where and can be bought that will pay a good income on the investment on straight farming basis, and subject to rapid advances in value. We are supplied with local farm lands and other good farms in the west hat will be sure to interest all home seekers. We are glad to be back again at your service. Come in any time and let us talk things over.

(A) 320 acres, 75 miles from Kansas City, one and one-half miles to a good railroad town with elevator, bank and several stores. Deep black loam and no waste land. Thoroughly fenced with four foot woven wire and cedar posts. Soil in high state of fertility, forty acres in alfalfa. There is a house of eight rooms almost new, supplied with natural gas from the farm. Four room tenant houses, with large horse barn 68x120. Double corn crib 65 foot long with heds adjoining. Concrete silo, garage for three cars and several other new buildings. Price \$160.00 per acre.

(B) South of Kansas City we have a farm of 647 acres formerly the home of Senator Fallon, President of the Anti-Single Tax league. The magnificent house and large barn are situated in the center of the farm on an elevation commanding a complete view of the surrounding country. Land is level to gently rolling and in high state of fertility. One-half is now in blue grass, timothy meadow and alfalfa. Remainder in wheat, oats and corn. Inexhaustible spring water. There is a house of twelve rooms, finished in oak and modern to the minute. There is a full basement, furnace heat, gravity water system. Delco lighting system for house, barns and all out buildings. One horse barn 40x60 feet with basement and a second barn 60x100 feet used for hay storage and stock feeding. There are three modern poultry houses that are new, each 16x32 feet. Stock coops, wind mills, machine shed, garage and other buildings. Three sets of tenant improvements with five room houses and barn, and orchards, all in good condition. This farm has never been offered for sale until now and will soon sell at the price, \$160 per acre.

### INDEES WON JOKE GAME FROM ALL STARS

Both Teams Played Town Ball, and Did Some Fine Base Running—Feature of Game Was Double Play By Ruble.

The Independents won a joke game of ball from the Colored All Stars at South Side Park Sunday afternoon, the final score being 10 to 4. Both teams played loosely in the field and ran wild on the bases.

There was a good sized crowd present when the game started. However, it was a chilly afternoon and when the game was over about the only ones present were the players and scorekeepers.

Neither team had much "pep" and the game was not interesting enough to give the spectators a chance to make a noise. The Indies had several young players in their lineup and they showed they have the goods to make the Indies team next year if given a chance. Zell and Devlin played an excellent game of ball. Devlin got four hits while Zell lammed one against the left field fence. He also fielded his position in fine shape.

Briggs, while he made four errors grabbed a line drive with his bare hand and tossed to Ruble for a double play. Ruble also went up in the air and snagged a line drive that was headed for center field and completed a

double play by stepping on second.

The All Stars did not do much either in fielding or hitting. Lynch pitched a good game and had been given support the score might have been different. He also fielded his position in fine style. Shannon who took up the work back of the pan in the fourth, was the only All Star who made any noise. "Rabbit" Johnson caught a fly in right field and then posed for a photograph while a man scored from third base.

How the Runs Were Made. Doubles by Zell and Ruble, singles by Christopher, Riggs, Devlin and R. Briggs, a batter hit a stolen base and Shook's sacrifice fly gave the Indies five runs in the third. Two singles and an error added one in the fifth.

In the ninth Devlin's triple, singles by R. Briggs, Ruble and Christopher, Ramey's error and Shook's second sacrifice fly brought four runs over in the eighth.

The All Stars scored on the third on an error, a sacrifice and a single. A single and two errors and two bases on balls gave them two in the fourth. A base on ball, a stolen base, a fielder's choice and a single gave them their last run in the seventh.

Umpires—Smith and Norton.

### RETURNS TO PEORIA HOME

Mrs. Lois Baptiste Harsch returned to her home in Peoria Monday after spending a few days at the country home of her parents. Mr. and Mrs. L. W. Baptiste. Mrs. Harsch came from Alton where she attended the convention of the Illinois Federation of Music Clubs. On Friday evening Mrs. Harsch appeared in joint concert with Mrs. Edith Over-McCallough, soprano of Oak Park and Miss Ebba Lundstrom, violinist of Chicago. These artists are winners in the state contest held last year and were enthusiastically received.

### Be Sure You Have the "RIGHT LIGHT"

By the "Right Light" we mean—

Proper illumination—not too much, not too little. It helps cut down your current bills.

The way to get it is to discard every current wasting carbon lamp and every other lamp that is too large or too small and to install in every one of your sockets a

Miss Carrie Root of St. Anthony, Idaho, is visiting friends here.

Mrs. William Barrow returned from a visit in Chicago, at the home of Rev. and Mrs. P. H. Aldrich.

Mrs. Thurston Brian is attending the W. F. M. S. convention in Decatur and from there will go to Chicago to visit her daughter, Miss Anna.

SUNDAY NIGHT FIRE

The fire department was called to the residence of Thomas Fisk, 621 East Walnut street at 8:45 o'clock Sunday evening. Fire had started in one of the rooms of the residence and the entire room was afire. There was no stove in the room and Chief Hunt does not know how the fire started as all the family were away at the time. The flames were extinguished without much damage.

Dr. W. H. Schott and wife and Mrs. Hattie Kindred of Alexander were shopping in town Monday afternoon.

Estate of Johanna Finch, Deceased.

The undersigned, having been appointed Administrator of the estate of Johanna Finch, late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court, at the Court House in Jacksonville, at the December term, on the first Monday in December next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 29th day of September, A. D., 1919.

OTTO FINCH, Administrator.

Wilson & Butler, Attorneys.

ADMINISTRATOR'S NOTICE

Estate of Rebecca Ann Hatfield, Deceased.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 8th day of October, A. D., 1919.

WALTER McCARTY, Administrator.

# Camel Cigarettes

CAMELS are as delightful to your taste as they are new. And, so satisfying that they meet every cigarette desire you ever have had.

Came's are unusual; in fact they're unlike any cigarette you ever smoked. That's because they're an expert blend of choice Turkish and choice Domestic tobacco, producing a quality that meets your taste as no other cigarette ever did.

Came's expert blend gives that mellow-mild-body and frees the cigarettes from any unpleasant cigarettey aftertaste or any unpleasant cigarettey odor. You can smoke Camels as liberally as you like without tiring your taste.

You have only to get personally acquainted with the expert Camel blend to know that you prefer it to either kind of tobacco smoked straight!

For your own satisfaction compare Camels with any cigarette in the world at any price!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientific, all sealed packages of 20 cigarettes, or ten packages of 20 cigarettes in a glassine paper covered carton. We strongly recommend this carton for the home or office supply or when you travel.

18 cents a package

## STOP ITCHING SKIN

Zemo the Cream, Antiseptic Liquid, Gives Prompt Relief

There is one skin condition that troubles the majority of people, and that is itching skin. It is caused by dryness, and is relieved by the use of Zemo the Cream. Zemo the Cream is a pure, non-irritating, and non-toxic preparation. It is applied to the affected area, and the itching is relieved. It is a most effective remedy for itching skin.

It should be kept in mind that the food we eat, the beverages we drink and the very air we breathe are all factors in the cause of itching skin. When the skin is dry, it is more susceptible to irritation. Zemo the Cream is a most effective remedy for itching skin. It is applied to the affected area, and the itching is relieved. It is a most effective remedy for itching skin.

## WANT RESERVATIONS IN LEAGUE COVENANT

(Continued from Page Eight.)

have endeavored to lead the public to believe, Rev. Leo Howard, pastor of the M. E. church, took strong grounds for reservations in the course of a sermon Sunday evening on the text "Ye shall know the truth, and the truth shall make you free." Rev. Howard was one of the minute men during the war, and when the organization was disbanded he was one of the speakers to receive a request from the League to Enforce Peace to continue service under their direction. In this move Rev. Howard scented the tremendous influence that was going to be brought to bear in behalf of a league covenant, the study and analysis might be found detrimental to the United States, and he declined to enter such service. He has studied the subject closely and watched its progress, but has refrained from giving it too much consideration in his pulpit until such time as would be unnecessary to acquaint his people with his studied conclusions against an issue that was more highly organized and propagated than the Democratic issue of sixteen to one, which required an educational campaign on the part of the Republicans in order to prevent a debasement of our monetary system with the ascendancy of William J. Bryan. Sunday evening Rev. Howard divested himself on the league of nations as follows in part: "Political freedom is never gained by physical force. Even our war of the revolution was amazingly free from victories on the battlefield. It was because men had grasped a great truth that they suffered cold, hunger and destitution of all sorts, even with their torn feet making a path on the frozen earth; it was the truth that 'all men are born free and equal' that defied the forces of King George. Neither is this world to be made free by a league of nations if Christ knew whereof He spoke. Here let me say that I take off my hat to no one in my devotion to my country. We know what it means to see our only son volunteer, first for home service, and then, when we were on the brink of war with Mexico and it seemed that there was some doubt of it being constitutional to use the guards out of the country, to see him volunteer for foreign service, and when we got into war with Germany he volunteered again for the duration of the war. I cannot say that we sent him gladly, but I can say that we sent him willingly, and never by one word tried to hinder him. Again we know what it means to follow his division, as well as the meager reports would let us, for weeks and months in the battlefields of France, including weeks in that awful hell of the Meuse-Argonne. So I am not alarmed of being placed in a class with socialists, bolsheviks, pro-Germans and other of like ilk when I say I am most emphatically opposed to any league of nations that does not safeguard the interests of the United States. As a citizen I assuredly want reservations on those points that involve us in the turmoils of every little warlike nation of Europe. Neither am I moved by that grandly expressed idea that the Monroe Doctrine is to be enlarged to all the world. If it is extended until it allows us to interfere in the affairs of Europe, the same enlargement will allow them to interfere in the affairs of this hemisphere, and I am sure that would mean trouble. I want a league of nations, but only one that preserves for us the ideals for which old glory stands."

Prospects for men's shirts being much higher priced in the near future justifies a fellow in laying in a supply from FRANK BYRNS' Hat Store this week.

## GRACE DIRECT TAKES FEATURE EVENT

Atlanta, Ga., Oct. 13.—Grace Direct won the 2:05 pace for a purse of \$2,500, the feature of the opening of the Grand Circuit races here today. The popular event was the contest between "Pop" Geers and Murphy for first honors in the 2:12 pacing event which Homestead, driven by Geers won. Wood Patch, piloted by Murphy took second place. The 2:09 trot went to Lou Todd in straight heats.

The 2:20 Southern Horses race, an attraction in this section, was won by Effie Direct, a Tennessee mare, owned and driven by W. M. Tolley of Columbia, Tenn. The week's racing here, which winds up the 1919 grand circuit season drew a great crowd despite the sudden turn of weather that made the concrete stands decidedly uncomfortable.

Mr. and Mrs. Albert Stice and daughters, Elizabeth and Edith who are visiting in the city from Denver, Colo., have gone to Carlisle and Urbana to visit relatives and friends. They are visiting Mrs. R. R. Wood and Miss Mattie Wood in this city, having made the trip in their Buick car.

## ILLINOIS WILL HONOR GENERALS

Dedicate Vicksburg Monuments Oct. 15.

The Illinois monuments on the Vicksburg battlefield commemorating and honoring the services of Gen. Ulysses S. Grant and four other distinguished Illinois generals who commanded corps or divisions during the campaign and siege of Vicksburg, will be dedicated Wednesday, Oct. 15.

Gov. Lowden, if his illness permits, will deliver the dedicatory oration at the Illinois memorial that now honors the service of the thousands of Illinois troops engaged at Vicksburg.

Left Yesterday. With the members of the Vicksburg commission, state officers and his staff, Gov. Lowden departed from Chicago Monday evening, Mrs. Lowden accompanying him.

Erection of the Illinois monuments was authorized by the general assembly in 1915. They have been placed at the spots on the battlefield where each of the generals honored by the statues had his headquarters.

Five Statues. Five statues are to be dedicated in honor of Gen. Ulysses S. Grant, who commanded the army of the Tennessee; Maj. Gen. John A. McClernand of Springfield, who commanded the 13th army corps; Maj. Gen. John A. Logan of Carbondale, who commanded a division; Brig. Gen. John McArthur of Chicago, who commanded a division, and Brig. Gen. John E. Smith of Galena, who commanded a division.

The members of the Vicksburg commission, in charge of the erection of the monuments and of the dedicatory services are Maj. Buford Wilson of Springfield, S. W. Nichols of Jacksonville, Carroll Moore of Benton and John M. Vernon of Chicago.

Careful attention was given the various lines of sweaters submitted for our inspection last spring. The fine assortment now shown proves we decided wisely. Customers are well pleased with the styles, qualities and prices. FRANK BYRNS' Hat Store.

E. P. Hull of Burnside was attending to business matters in the city yesterday.

## NAME "BAYER" MEANS ASPIRIN IS GENUINE

Get relief without fear as told in "Bayer package."

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the true, world-famous Aspirin, prescribed by physicians for over 18 years.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions to safely relieve Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No nausea, no griping, no injury to the system. They are a harmless and powerful purgative. They are a vegetable compound mixed with olive oil. They are a harmless and powerful purgative. They are a vegetable compound mixed with olive oil.

## Have You Examined

A Smart Five-Passenger Model of the Light Car Men Praise so Highly

## The Essex Sedan?

You must have seen this dainty new Essex.

More than a thousand are in service.

You Will Recognize It at a Glance

It comes in the same beautiful green that distinguishes the Essex touring car. The body is simple with the newest square lines, low roof, but with ample head room, wide doors, deep seats and high backs.

Has Large Car Comforts With Small Car Costs

For one reason, men speak of the Essex as they do, because of its costly car finish and equipment. The Essex has no useless length or weight and no sacrifice has been made in any of the comforts. It has all the passenger space that larger cars afford.

You have but to ride in an Essex to know its comfort. There is the large car's solidness about it that removes all sense of its weight or size.

And yet its size gives distinct advantages.

It makes the Essex easy to drive. It can be steered with two fingers. It can be turned in a short radius, parked in a small space, and of course there is an immense saving in operating costs.

And, too, its size accounts for its costly car quality at a moderate price.

It Is Just as Lively as the Other Essex

Many will tell you the fastest automobile ride they ever enjoyed was in an Essex.

Others say it is the quickest and liveliest car in acceleration they know. We leave it to the Essex to reveal those qualities.

But rest assured it is not sluggish. It gives way to no car where acceleration, speed and comfort of driving and riding are concerned.

The season when the Sedan will be most enjoyed is approaching. So you should speak for your Essex without delay. The one thousand in service, to say nothing of ten times as many touring models in use indicates a continued Essex shortage.

### FINANCIAL AND COMMERCIAL

Anaconda's August production totaled 12,600,000 pounds of copper against 11,122,000 in July and 10,530,000 in June.

Mexican Petroleum Company declared a dividend of 2 1/2 per cent on common stock, an increase of one-half of 1 per cent over the previous payment.

Pan-American Petroleum and

Transport Company declared a dividend of 3 per cent on its common stock, an increase of one-half of 1 per cent over previous payment.

Kansas City Southern Railway Company's income account for the year ending December 31, 1918, totaled \$272,305. The nonoperating income totaled \$3,794,408. Net income was \$1,74,931.

North Alabama Traction Company, operating street railways of Albany and Decatur, Ala., has been adjudged bankrupt on petition of New York bondholders. A. A. Hardage has been appointed receiver.

E. Percy Passmore, governor of Philadelphia, is back at his desk after a vacation spent at Buckhill Falls in the Poconos. William H. Truit, deputy governor, is on a trip to Nova Scotia.

Butte and Superior Mining Company is preparing a statement covering the recent settlement of the Apex litigation known as Elm Orlu case between Butte and Clark Montana Realty Company and it is expected to be made public shortly.

Duquesne Light Company stockholders have approved issuance of \$100,000,000 mortgage. Philadelphia Company meeting, scheduled for last Saturday, at which stock was to be increased about \$40,000,000 to \$75,683,400, was not held.

New York Stock Exchange has received the following applications to list: The Cleveland and Pittsburgh Railroad Company, \$523,950 additional special guaranteed preferred stock; Bethlehem Motors Corporation, temporary certificates for 130,000 shares capital stock without nominal or par value; Keystone Tire and Rubber Company, \$396,430 additional common stock.

Stutz Motor Car Company of America will receive \$1,750,000 in cash from the sale of the 25,000 shares of additional capital stock which shareholders have just authorized the directors to issue and sell for \$70 a share. This will augment the company's working capital and place it in a position to proceed with the proposed plant expansion which calls for the doubling of present production.

Committee representing the stockholders of the Maxwell Motor Company, Inc., and the Chamber Motor Corporation announced a plan of readjustment of the two corporations which contemplates their merger into one new corporation reorganized for that purpose. The committee urges the prompt deposit of the existing securities, as provided in the plan, with the depositary, the Central Union Trust Company of New York, which will issue its transferable certificates of deposit therefor.

J. L. Johnson, president of the Liberty Bank of St. Louis, has been elected a director of the Phillips Petroleum Company. His addition to the board makes four bankers in the Phillips directorate the others being Eugene E. Dupont, of Wilmington, Del.; W. P. Conway, vice president of the Guaranty Trust Company, and Berton E. Prentice of Dominick & Dominick.

American Graphophone Company has called for redemption, November 1, thru the Franklin Trust Company, of New York, trustee, all its serial gold notes dated May 1, 1916, at 102 1/2 and accrued interest. It is understood that on November 1 the company will also call for redemption at par and accrued interest thru the Franklin Trust Company on December 1, all its outstanding bonds. This will leave the American Graphophone Company without any debt whatever.

Corn Products Refining Company directors will probably take up the question of common dividends next January, but it is not expected that the initial declarations will be more than 1 per

#### TOO FAT?

A guaranteed weight reduction method; safe, pleasant. Brings slenderness, better health and happiness. Get a small box of oil of korein at the druggist's. Follow directions. ### Day's Work Is Done

"Done?" Yes, we finish our day's work and spend the remaining hours at what we think best. But come to think, our eyes work 12 to 18 hours every day and during that time there is never a stop or rest.

A perfect pair of eyes is rare. Nature is seldom exact, so it is highly important, if you suspect your eyes need assistance, that a reliable optometrist be consulted—one whose knowledge, skill and experience are assurance of correctly fitted glasses.

### For Sale

A splendid modern cottage. Priced low and a smaller cottage on same lot thrown in. This property is a bargain, smaller house is always rented.

A big bargain in 3rd ward; this house has 5 rooms. The lot is worth as much as we are asking for the house and lot both.

We still have some good farms priced right and these farms are real bargains.

Money to Loan in any sum from \$500 to \$50,000 on real estate security.

cent quarterly, or at the present rate of 4 per cent. There is no present intention of declaring a stock dividend.

Lewistown Trust Company, of Lewistown, Pa., has been admitted as a member of the Federal Reserve system. The company has a capital of \$125,000 and is number thirty eight in the third district.

Chicago and Alton has issued its annual report for the year ended December 31, 1918. The corporate income account shows a deficit after taxes and charges of \$469,131 against a deficit of \$47,092 in the preceding year. Federal operating account shows net operating income of \$1,776,750, which compares with the federal compensation of \$3,178,314, or a loss for the government of \$926,686.

Twin City Rapid Transit August surplus after charges and taxes was \$65,598, a decrease of \$250. Eight months' surplus after charges and taxes, \$762,124, an increase of \$210,239.

Sinclair Consolidated Oil Stockholders have until November 17 to pay for the new shares. Underwriting syndicate will receive a commission of 5 per cent on the transaction. The syndicate will be dissolved January 5, 1920, but if the managers so determine, it can be extended for three months longer. Sinclair Consolidated Oil Corporation will receive from the sale of this stock \$57 a share net or a total of \$51,200,000.

Actual change in the control of the affairs of the Pierce Arrow Company has taken place, if the report in Wall Street is correct. According to the rumor, interests closely connected with the General Motors management have bought a majority of the stock in the open market. It is not expected that there will be any consoli-

### BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary. True biliousness to its source and remove the cause and the chances are that the patient will remain strong and healthy.

Doctors say that more than 70 non-organic diseases can be traced to an Acid-Stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, flatulency and gas are other signs of acid stomach. EATONIC, the marvelous modern stomach remedy, relieves quick relief from these stomach troubles which lead to a long train of ailments that make life miserable if not corrected.

EATONIC literally absorbs and carries away the excess acid. Makes the stomach strong, cool and comfortable. Helps digestion; improves the appetite and you then get full strength from your food. Thousands say that EATONIC is the most effective stomach remedy in the world. It is the help YOU need. Try it on your money-back if not satisfied guarantee. At all druggists. Only 50¢ a big box.

### EATONIC FOR YOUR ACID STOMACH

ation, as it is said that the concern will keep on operating under its own name and will before long enter the motorcar field with a medium priced car, just as Chandler did a short time ago thru the formation of the Cleveland Automobile Company.

Reports of railroad earnings for August are again very disappointing, as they show further increases in gross earnings in most cases, while net income after operating expenses again shows very large decreases. There were several roads which did show large gains in income after operating expenses but these were few. The most notable gain in operating income was in the case of St. Louis and San Francisco, which is benefiting by the large movement of oil from the mid-continent fields. These figures, however, do not mean very much so far as stockholders are concerned, as the compensation is guaranteed by the government, up to the end of the year, when the roads will be turned back to private ownership, but they do forecast what may be expected after their return unless some drastic changes take place.

#### Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

### CONCERNING HEALTH

Health is one of the priceless blessings a bounteous Nature has bestowed on us. Without it life is a torment of sorrow, pain and worry; inefficiency, failure and poverty are the result and life becomes a mockery.

"How can I get well?"—"How can I keep well?" These questions are universal. Rich and poor alike have often voiced them. Therefore, this series of talks, of which this one, will be read with interest by every one, the well and the sick. It will tell of the science of Chiropractic, which is pointed the way to health to thousands, many of whom have sought in vain for relief through medicine and surgery.

Chiropractic (Ki-Ro-Prak-Tic) is drugless. By a method of scientifically correct adjustments by hand, the cause of disease is removed and Nature is enabled to restore diseased conditions to normal and health results.

### CHIROPRACTIC THE BETTER WAY TO HEALTH

is the logical health method of the times. If you are ailing, isn't health worth a few moments of your time spent to investigate this science? Information gladly given personally or send your name in and descriptive literature will be sent. Watch for other announcements in this series.
